

## SHELL congratulates VERNON MOTOR PRODUCTS LTD.

ON THE OCCASION OF THE OFFICIAL OPENING OF THEIR FINE PREMISES, VERNON MOTOR PRODUCTS LTD. WILL, WE KNOW, INSURE B.C. MOTORISTS MILES OF CAREFREE DRIVING. DRIVE IN FOR WORLD-FAMOUS SHELL PRODUCTS AND ALL YOUR AUTOMOTIVE REQUIREMENTS.

YOU CAN BE SURE OF SHELL

# Good-Bye and Thank You

## ... SO SAY DICK AND JACK OF THE VERNON GARAGE

For over 30 years you have been our customers and friends, but time passes on and we have felt our service and attention to you has been slipping, and our operation needed new blood.

You have just that in Murray Gee, a younger man with modern business training and methods.

We know you will like him and we ask you to continue to do business at the old location, with the old Vernon Garage staff but a new head, Murray Gee.

We are not going to leave town and hope to meet you all from time to time and enjoy a few moments chat of the past and a forecast of the prosperous future of our home and city—Vernon, B.C.

Good-bye to Vernon Garage at Vernon, B.C. Now to be known as...

VERNON MOTOR PRODUCTS LIMITED

Signed

Dick and Jack Monk

## Barbara Ann

(Continued from Page One)

ulty, event following event without hesitation.

### Happy Teddy Bears

Miss Scott appeared in five numbers and earned ovations the like of which have never previously been heard in the arena—not even at a playoff hockey game.

Most popular of all Barbara Ann's numbers was probably the "Teddy Bears' Picnic." With three skaters cleverly dressed as Momma Bear, Poppa Bear and Baby Bear, Barbara Ann skipped onto the ice appealingly dressed in a "Goldilocks" costume.

The dancing of the three bears was exceptionally well done, and B.A.'s acting as a young girl was charming. Her performance with Baby Bear was adorable and not one member of the large audience failed to be moved by this appealing act.

### Perky, Provocative

In direct contrast to this number, which was tailor made for children, was the provocative "Perfume Symphony." Glamour plus highlighted this part of the show, based on tantalizing Latin American rhythms. Members of the chorus line were cunningly dressed as perfume bottles, each carrying an enticing name such as "Surrender" and "Temptation." Other girls were dressed as blue and pink powder puffs.

The men in the audience really perked up when Miss Scott skated onto the ice in a star-attracting "voodoo" costume in orange and black. "Perfume" was one of the most colorful spectacles of the entire show.

Most beautiful and inspiring of Miss Scott's performances was set to the celebrated composition, "Because." Prettily costumed in white, Barbara Ann gave a moving interpretation to this beautiful piece of music. Her skates seemed to caress the ice as she performed expertly amidst the hushed silence of the spectators.

What can one say about Barbara Ann's skating ability? She won the women's world skating championship twice and on Friday and Saturday nights in the arena she showed just why she was named the champ. No more can be said.

### Ritual Fire Dance

Incredible stunts and whirled drew sensational applause when Bob and Peggy White appeared in their two numbers. In a whirlwind of seeming abandon, this acro-adagio team sped through one daring routine after another. Peggy White was

hurled around and around by her partner, several times just missing contact with the ice. Spectators were literally left limp with amazement. The rousing "Ritual Fire Dance" was tops.

At last, Vernon audiences saw a skating carnival with new and different comedy routines. Comedy on ice is no easy trick, but Dick Nutter, Edward Brandstetter, John Melander, Johnnie Labrecque and Andre Perron had the audience gasping for breath between laughs. Nutter carried off the difficult role of a drunk, calling for clever pantomime, good timing and skating ability. He mixed all three in just the right proportion to deserve several encores.

A miming, ladylike farce developed out of the "Rain Drip," Labrecque and Perron. Carried off with excellent mimicry, this act nearly stopped the show.

But the best came last. Melander and Brandstetter, as the "Hobo and the Painter," drove crowds wild with their crazy, yet clever, antics. Pulling off some of the zaniest stunts yet seen in an ice show, the pair drew forth peal after peal of laughter.

Highlight of the act came when the Hobo, after being drenched by a bucketful of water, lay on the ice and "swam" back and forth in the water. Shivers travelled through the crowd. Another effective gag came when Brandstetter was sitting on a chair reading a newspaper. Melander came by, whipped away the chair and Brandstetter was still suspended in the air.

Manuel Del Toro and Jerry Rehfeld presented some excellent pair skating in the "Silhouettes" number. With their various figures and whirled timed to the split second, they executed many difficult passages and drew much deserved applause. A glamorous Hussar costume, in two-tone blue, brought sighs from the girls in the audience when Rehfeld performed his "Waltz Serenade."

Girls of the chorus line came into their own in several numbers, but particularly in the finale, "Indian Legend." Their fine, rhythmic skating was of excellent precision, each skat blade crunching into the ice exactly on the beat. In "Sweetheart Waltz" the girls and men provided a delightful, pleasing interlude between the fast, paced numbers.

"Showboat" was a brilliant, colorful and altogether pleasing spectacle. With Rudy Hanson, master of ceremonies and vocalist, providing the musical cues, the whole cast engaged in a southern U.S. spectacle that had everything. Barbara Ann as a flirtatious southern belle was sweet.

A truly Canadian production, "Indian Legend," closed the show on a bright note, with Barbara Ann beautiful in the Indian princess costume.

The Vernon Rotary Club, which sponsored the show, reports that a total of 4,883 persons saw "Skating Sensations." Not one of those people was disappointed. They came from all over the North Okanagan, as far as Revelstoke.

Hydrated lime and magnesium for fertilizer and chemical uses in Canadian industry is supplied by a plant near Wakefield, Quebec.

The spinach plant is a native of Siberia and passed from there to the west, reaching England more than three centuries ago.

## Further Health Service May Be Inaugurated in Valley

The North Okanagan Health Unit is considered to be an appropriate area in which to inaugurate the first Preventive Dental Service in British Columbia. This announcement came from Dr. E. W. R. Best, director of the North Okanagan Health Unit, this week.

If every one of the five cities, four school boards and three municipalities participating in the North Okanagan Health Unit votes 15 cents per capita per year, the Provincial Government will contribute 20 cents per capita per year for this service.

With the above unanimous approval a Preventive Dental Service should be initiated early next year.

As approved by the B.C. Dental Association, a dental director would assume supervision of this service. This would incorporate education of the children, parents and professionals in the possibilities of the service.

The matter was number one discussion around the Council table on Monday evening, following the reading of a communication from the North Okanagan Health Unit. It was later discussed by the mayor and aldermen in committee, who decided to table it until after the Union Board of Health meeting next Wednesday to which the public is invited. Alderman George Melvin will represent the city.

Speaking to the letter from the Health Unit, Alderman Melvin said: "This is a good thing, and the first of its kind in B.C."

"We have the building, and the Department of Health and Welfare is ready to put in dental equipment there. Mobile equipment will follow. The Department hopes to serve one pre-school-aged child for every five grade one youngsters." Under the present census, it will cost Vernon approximately \$800, he declared, asking for a recommendation from the City Council to take to the Union Board of Health.

Mayor T. R. B. Adams advocated caution. "We must give this matter some thought," he said.

In co-operation with the practicing dentists, Grade One students and as many pre-school children as possible would be examined every year on a voluntary basis and treatment carried out where necessary. Particular attention would be paid to those areas where dental care is not readily available. For this personal preventive dental attention the Union Board of Health would collect from parent or guardian \$2 per year for each child receiving attention. As time permits this personal attention would be extended to Grade Two students.

This type of service has been evolved after considerable study, says Dr. Best. The preventive dental plan in operation over a period of years should result in better general health as well as oral health and at less cost to the individual.

Further details will be discussed at the public meeting of the North Okanagan Union Board of Health in the Salmon Arm Council Chambers, next Wednesday.

Other topics to be discussed are: health service for Indians, Authority of M.H.O. under the Milk Act, and pre-employment examination of food handlers.

## Seek Power Hook-up For B.C. Rural Schools

ENDERBY, Nov. 1.—Receiving the information that the B.C. Power Commission had installed power lines as far as the Mara schools, the Board of School Trustees, School District No. 22, Armstrong, instructed its secretary at the regular monthly meeting on Thursday of last week, to obtain estimates for the cost of wiring the Mara and Grandview Bench schools. Approval of such an expenditure will be requested from the Department of Education.

A request from the Mara Hockey Club was received and approved by the meeting. The club sought permission to build a skating rink on the Mara School grounds.

A report was given by Trustee Dicks on a meeting between the Board's salary committee and the District teachers' salary committee held in Enderby on October 4. Mr. Dicks said the teachers pressed for a salary in proportion to the present cost of living. The present salary agreement between the Board and the teachers is for 1949 only. Same as Vernon.

Trustee Dicks pointed out that after considerable discussion, the School Board agreed to pay the same rate of salary for 1950 as the Vernon schedule, but for the present was not prepared to agree on a permanent scheme.

Two more teachers have been appointed to the District teaching staff. These are: Miss Beverly Clouston, Ashton Creek School, and Mrs. Irene Mercer, principal of the Mara School. All schools in the district now have a complete teaching staff, number of teachers totalling 42.

In answer to a request from Principal Thomas, the School Board agreed to sponsor a cadet corps at the Enderby School.

A further report from Dr. E. W. R. Best, director of the North Okanagan Health Unit, revealed that sewage disposal from the McNair property would be a major problem of considerable expense if the new Armstrong High School was

## Col. Harry Angle Back From Orient

KELOWNA.—Only person other than Barbara Ann Scott to be given the Freedom of the City of Kelowna is back home again.

He is Lt.-Col. H. H. Angle, D.S.O., who returned Saturday after several months in India with a special commission of United Nations supervising the cease-fire agreement between India and Pakistan at Kashmir.

The commanding officer of the well-known B.C. Dragoons during World War II was one of four former Canadian Army officers selected for the UN assignment. Prior to leaving late in January, Col. Angle was given leave of absence from his duties here as police magistrate and coroner.

During Col. Angle's absence, G. A. Mackay acted in the police court and Dr. A. J. Urquhart was coroner.

Col. Angle will resume his police court magistrate duties this week.

## Heywood's Corner Features Halloween With Big Bonfire

SALMON RIVER VALLEY, Nov. 1.—With a huge, crackling bonfire in the background amidst the noisy and colorful display of fireworks, the Heywood's Corner School grounds were the scene of an enjoyable Halloween frolic on Friday evening.

Following the serving of hot dogs, musical solos were presented. Later the gathering played games and contests in the school.

Artists entertaining were Myrnia McNeely and Eleanor Heywood, vocal; Lena and Lovina Wilson and Mrs. L. Dyer, vocal and instrumental.

The Halloween party was staged through the combined efforts of Miss G. Rentanin, teacher at Heywood's Corner and Miss E. Hoar, of Salmon Arm.

### Social Items

B. Schweb, of Salmon Valley, bagged a cougar on Thursday of last week. The cougar had killed two of his sheep earlier in the week.

E. H. Gamble left on Friday morning for Penticton where he will spend a few days visiting at the home of Mr. and Mrs. F. Mastelle.

Constable and Mrs. James King, of Revelstoke, spent Tuesday of last week at the home of Mr. and Mrs. E. Needoba.

## G. Rannard Named Kelowna Gyro Club President for 1950

KELOWNA.—George Rannard was the unanimous selection of the members of the Kelowna Gyro Club for their president during the coming year. He will be installed in office on Thursday by District Governor L. Lockett, of Seattle.

Bert Johnson was elected vice-president while Bob McClelland and F. Hyland were re-elected secretary and treasurer respectively. Directors chosen were D. Chapman, Jr., Jim McClelland, Bob Hayman and Walter Hotson.

The annual installation party this year will take the form of a

## Evening Motor Trip\* Becomes Cougar Hunt

FALKLAND, Nov. 1.—Three young men went cougar hunting unexpectedly Thursday night of last week. They were just on a routine trip from Falkland to Salmon Arm in the Silver Creek district when their car lights picked out a cougar dragging a sheep through a fence.

The three men, Eric Walmsley, Glen Swift and Edwin Clark, all of Falkland, drove on to the first farm house and roused A. Schweb into action. Mr. Schweb rounded up his gun and his dog and hurried to the point where the cougar had last been seen.

After a hurried but short-lived cross country jaunt the dog treed the cougar. By the light of a flashlight, Mr. Schweb shot the animal out of the tree. However, the cougar pulled itself together, leaped away and scaled another tree, apparently bent upon establishing the truth of the adage that "the cat has nine lives."

That was all for the cougar, though. Mr. Schweb took accurate aim and finished the animal off. Mr. and Mrs. Reynolds returned to their home recently after spending a few days in Omak, Wash. Gordon Dent and Al Winters returned last week from a holiday trip through Ontario.

Mrs. C. Hoover, of Armstrong, is visiting her sons, Herb and Len, and their families in Falkland.

R. Loder, of Calgary, has been holidaying here recently with his brother Charles.

Miss Georgina Bohner, of Vernon, paid a short visit here Friday night and took in the masquerade dance.

Tom Churchill and Herb Hoover returned recently from a successful hunting trip to Golden. They garnered a moose and an elk between them.

## October Production By Okanagan Cows

Following is a list of cows in the Salmon Arm - North Okanagan Cow Testing Association that gave 50 pounds or more of butterfat for October. Figures in brackets indicate number of days since freshening:

## West Coast Favorite Home For Elderly Ex-Servicemen

Number of World War I veterans receiving hospitalization and financial assistance through Department of Veterans Affairs in B.C. is at an all-time high and is substantially higher than in any other DVA district in Canada, DVA district administrator W. G. H. Roaf announced recently.

## Marshall Garrett Stars in Colorful Ice Show in U.S.A.

While Vernon ice carnival enthusiasts are still singing the praises of Barbara Ann Scott and her "Skating Sensations of 1950," a blades artist who learned most of his skating right here in Vernon is cutting quite a swath in distant climes.

The skater is Marshall Garrett and he is featured with Canadian figure skating champion, Jeanne Matthews, in a number called "Dresden Dolls" with the Ice Cycles of 1950, now touring the United States.

In a letter received by The Vernon News from Mr. Garrett, the former Vernonte credited the activities of the colorful and talented troupe.

Both Mr. Garrett and Miss Matthews starred in Rotary Ice Carnivals held in Vernon during the past few years.

The "Ice Cycles" troupe has just returned to the U.S. following a three-month engagement in London, England, where they played consistently to audiences of 6,000 at the Empress Hall.

Following a session of rehearsing in Pittsburgh the 1950 show opened in Tulsa, Oklahoma, on Tuesday of last week.

Next year the show's itinerary will be increased to include Paris, Brussels and Antwerp in the European tour. Mr. Garrett is reported as playing a starring role in this ever-expanding ice extravaganza.

## Council Tries to Curb Noise from Motor Cyclists

The Vernon Motor Cycle Club will be appealed to in an endeavor to cut down the noise from motorcycles going through the city, Alderman D. D. Harris told the City Council on Monday evening. Numerous complaints have been received regarding the noise made when these vehicles speed through the city streets, he said.

"Steeplechasing" by motorcyclists will be stopped over the hill at the eastern extremity of the city, Alderman Harris declared.

City Engineer F. G. deWolf said the contract for the purchase of the new road roller will be on hand this week.

P. Basaraba and J. P. Clayton are willing to accept the City's proposition, whereby it obtains the necessary amount of property for widening 43rd Avenue. Mr. Basaraba will be reimbursed in the amount of \$26.11, and Mr. Clayton \$26.70, City Engineer F. G. deWolf stated. The Council endorsed these arrangements.

The grounds around the disposal works has been planted with 100 trees. The property looks nice and tidy, the engineer stated, with the promise of a neat-appearing site when the trees begin to grow.

A little off the beaten track in trades license applications was the one granted to a woman, a self-styled "visiting hairdresser," to carry on her profession in the hospital and home for the aged. Her application was granted.

## Rotarians Thank City Council for Barbara Ann Fete

Thanks to the City Council for making the visit of Barbara Ann Scott and "Skating Sensations" such an outstanding social event in the life of the city, were extended by Rotary Club president E. Bruce Cousins on Monday evening. Alderman Cousins declared that Rotarians were very gratified with the support accorded the ice gala, and said that director Tommy Gorman had indicated he will return next year "with an even larger and better show."

Mayor T. R. B. Adams expressed his regrets that he was called out of town, and could not attend the civic reception, or see the show.

## New Series Canada Savings Bonds Well Received by Public

By today, Thursday, British Columbians had purchased more than \$4,500,000 of series four, Canada Savings Bonds, but if early reports are any indication, that amount soon will be greatly increased. At this weekend, British Columbia was leading all Canada in the percentage of the series three total that had already been purchased in this campaign.

British Columbia had already purchased more than 70 percent of its 1948 bond sales results. This is an impressive record for several reasons. One is that employment has slightly decreased but this is offset to some extent by the lower income rate and the removal of many Canadians from the income tax lists.

Another reason is that in some firms where employment was lower, series four sales recorded to date exceeded last year's figures. A third reason is that, in firms where employment was more or less the same, the final series three totals had been trebled and quadrupled, and employees were still buying series four, Canada Savings Bonds.

## Mayor Adams on B.C. Pro Cons Executive Slate

Mayor T. R. B. Adams, of Vernon, defeated Progressive-Conservative candidate in the Yale election battle last June, was elected second vice-president of the B.C. Pro Con executive when the organization met in annual session at Vancouver last weekend.

The Okanagan placed two men on the provincial council, R. A. Truswell, of Kelowna, being named fifth vice-president. E. David Fulton, M.P. for Kamloops, is second vice.

On his return, Mayor Adams said it was a good sign that Interior members were named to the council, lest the Interior be neglected in the body's deliberations.

Highlights of the convention were Mr. Fulton's address and a speech by the leader of the B.C. Conservatives, Hon. Herbert Anscombe, Minister of Finance in the Coalition Government.

Mayor Adams also "looked in" on the annual meeting of the B.C. Young Progressive Conservatives.

## Vernon Resident Dies In Vancouver

Walter Graver, 51, a resident of South Vernon, died in the Vancouver General Hospital on Monday. Mr. Graver had spent several months in Vancouver, prior to his death.

Funeral services will be held today, Thursday, at 2 o'clock from St. John's Lutheran Church, Rev. M. Mayer officiating. Interment will be in the Vernon Cemetery. Campbell and Winter are in charge of arrangements.

## South Trade Boards Ask Okanagan Radio Inspector Be Named

PENTICTON—The department of transport is to be asked to provide a radio inspection car for the Okanagan area as a means of solving the problem of radio interference in that area.

This action was decided upon last week at the Southern Interior Associated Boards of Trade meeting held in Okanagan Falls, as the result of a request from the Summerland delegation that "something be done about the nuisance of radio-interference."

Another request by the Summerland delegation was also acted upon by the association. The department of public works will be written and asked that a white line be painted on the road between Penticton and Peachland.

The letter will point out that a number of serious accidents have taken place on the road during the past summer.

The association feels that if a white line were painted on the road, drivers would tend to keep to their own side which would then be clearly indicated.

## News Items from Winfield

WINFIELD, Nov. 1.—Mrs. A. Bol-becker is a patient in the Kelowna Hospital.

Mr. and Mrs. E. Sherritt motored to Enderby on Sunday.

Mrs. E. Swanson left on Friday night for the Coast, summoned there owing to the illness of her little daughter, a patient in a Vancouver hospital.

Mrs. J. Edwards, of Winnipeg, Man., has been the guest of her sister-in-law, Mrs. G. Brodie, during the past week.

P. W. Luboff, of Penticton, was in the district on a business trip last week.

## Hallowe'en Fantasy For Coldstream Children

The boys and girls of the Coldstream area found all of their mischievous instincts channelled into a program of good clean fun when they held their Hallowe'en party in the coldstream Women's Institute Hall on Monday night.

The party was under the supervision of the Coldstream Girl Guides.

The children appeared in a wide variety of beautiful costumes ranging from Elaine Derby's "Little Red Riding Hood" to Wendall Diakew's "Tugboat Annie."

With pumpkins and witches producing weird shadows in the half-lit hall and gypsy girls mingling with Arab sheiks, the whole scene was like something out of a fairy tale.

Following a round of games, music and a fireworks display, the children were served refreshments by members of the Coldstream P.T.A.

Mrs. E. Carter, Mrs. A. Huxley and Mrs. R. Quirk were called upon to choose the best costumes for the evening. Theirs proved a difficult task.

A gypsy girl costume won Gillian Jackson the Division 1 championship while Robert Gregg masqueraded as an Arab sheik to take the boys' award in the same class.

A little "Dutch Girl," Caroline Kinloch, topped the second division competition while Phillip Kidston won the boys' award with his toy soldier outfit.

The Division three award went to Wynne Gordon with her quaint old fashioned costume while Ryan Makowichuk took honors for the boys with his panda bear costume.

The pre-school children came up with some interesting outfits. Elaine Derby as Little Red Riding Hood won the girls' title while Ingvar Creed appeared in a weird black cat outfit to win the boys' award.

Joan Warren won the girls' comic award with her version of "Popsicle Pete" while Wendall Diakew was the most amusing boy with his "Tugboat Annie" costume.

Miss M. Albers provided the musical entertainment for the evening with her piano renditions.

## Mrs. C. Desmarais Dies Week Before 60th Anniversary

Only a week from celebrating their diamond wedding anniversary, Mrs. Mary Melinda Desmarais, 77, wife of Clodimir Desmarais, of Vernon, died on Friday in the Jubilee Hospital after a brief illness.

Born in Boston, Mass., on September 29, 1872, Mrs. Desmarais was married in Leroy, North Dakota, on November 4, 1889. Their sixtieth anniversary would have been tomorrow, Friday. The couple lived in North Dakota until 1911, when they moved to LaFleche, Sask., residing there until 1943. In that year they came to Vernon to make their permanent home and enjoy their retirement.

Besides her husband, Mrs. Desmarais is survived by two sons, Albert and Fred, of LaFleche, Sask., and five daughters, Mrs. J. J. MacDonald, of Assiniboia; Mrs. O. Gagnon, of Trossachs, Sask.; Mrs. O. Cowan, of Yakima, Wash.; Mrs. D. Johnston, of Vernon; and Mrs. Paul Rivard, the two latter of Vernon, and 14 grandchildren.

Funeral services were held yesterday, Wednesday, morning at 10 a.m. from St. James' Roman Catholic Church. Rev. Father John Miles sang the Requiem High Mass. Interment was in Vernon Cemetery.

## Jury Finds

(Continued from Page One)

Ave as he approached the 31st St. intersection.

He looked both right and left, saw a car approaching from the right at a safe distance, and then proceeded across the intersection. He explained that a man on a bicycle suddenly drove in front of the car from the right-hand side. Mr. Penny testified that he applied brakes but could not stop in time.

Police found a broken flashlight near the scene of the accident but could not say whether it had been lit at the time of the accident. Mr. Penny said that he saw only the lights of witness Tasuma Sakaki's car.

Mr. Iwabuchi was 41 years of age and had been a resident of Vernon for eight years. He was employed by A. Penno of the B.C. district.

He is survived by his wife and two children, of Vernon.

Funeral services were conducted in the Campbell and Winter Funeral Chapel on Tuesday night and Wednesday afternoon. The remains were shipped to Vancouver for cremation yesterday Wednesday.

## Salmon Arm Constable Transferred to Clinton

SALMON ARM, Nov. 2.—Const. H. O. Jamieson of Salmon Arm detachment, B.C. Police, has been transferred to Clinton. He will leave here this week. Const. Jamieson came to Salmon Arm 18 months ago.

## Mrs. Frank Spencer Ends 20 Year Term As City Librarian

The resignation of Mrs. Frank Spencer as librarian, effective October 31, was reluctantly accepted by the Vernon City Council on Monday night. Mrs. Spencer concludes approximately 20 years' service in the capacity of librarian.

During that time Mrs. Spencer has become known to many hundreds of people through the library. During the war she was known to the mobile population engendered through the Military Camp and her kindly personality and wide knowledge of literature will be recalled by men and women now scattered all over Canada.

The City Council voted that a bonus of two months' salary be given Mrs. Spencer, as a token of appreciation of her services; and of the regret felt at the circumstances which necessitates her resignation.

Inspector A. S. Towell has advised Mayor T. R. B. Adams of the visit to Vernon on November 7 of A. E. Morrison, superintendent of this area for the Union Library. He will meet the Library Board at 4 o'clock that day, when future policy and possibly membership in the Union, will be discussed.

## Anglican Primate

(Continued from Page One)

church in saving individual souls, he said.

To the individual Archbishop Kingston had this to say: "There is something wonderful about individual sainthood. Thank God for the lesser saints. You know them. . . I certainly do. 'Saints in homes' they are often called. They leave no name nor written record. Included among them are the loving father and mother, serving to the utmost."

Concerning society, the primate declared that a congregation is a great corporate body, and that the sacraments of the church are the greatest corporate example. At the Lambeth Conference, continued the speaker, great stress was laid on the fellowship which exists in a congregation. "If fellowship is not in a congregation, then it is nowhere else," he declared.

The Archbishop had a word to say regarding the home, the stability of which tends to be broken up by secular interests, he declared.

Archbishop Kingston acknowledged greetings from Most Rev. W. R. Adams, Archbishop of the Yukon, who was unable to attend; and the welcome from Right Rev. Frederick P. Clark, Bishop of Kootenay, and Rev. L. A. C. Smith.

"I bring to your parish, the North Okanagan Deanery and the Diocese of Kootenay, greetings on behalf of the Church of England in Canada, which has a proud record," he said. "He paid special tribute to missionaries and their wives: 'There is no prouder record than theirs in the world.'"

"We must see to it we are faithful interpreters of the faith of our fathers; to deal faithfully with the problems which assail us in this, our time," he said.

Rev. L. A. C. Smith read the service, during which Bishop Clark presented a layreader's license to Richard Garnet Birch, who received a Bible from the bishop as "a token of your ministry." That Archbishop Kingston was one of Canada's outstanding scholars, as well as a man of deep spirituality, were statements of Bishop Clark, in his welcome to the primate.

Mr. Smith, on behalf of the parish and Deanery, greeted the primate, bishops and chaplains; the choristers and congregation.

Archbishop Kingston brought up the rear of the bishop's procession, probably one of the most impressive yet seen in Vernon, in which walked Ven. D. S. Catchpole, of Kelowna, Archdeacon of the Okanagan, who carried the primatial cross; Rev. Canon T. D. Proctor, of Salmon Arm, and Rev. Canon C. W. Kirksey, of Chase, both chaplains to the primate. Right Rev. F. Stanford, of Kamloops, Bishop of Cariboo, had as his chaplain Ven. C. H. R. Bradshaw, of Kamloops.

Right Rev. Frederick P. Clark, Bishop of Kootenay, chose Rev. Canon H. Wright as his chaplain, the latter being the oldest living graduate of the university at Lennoxville, Ont., of which Bishop Clark is also a graduate. The Chancellor of the Diocese, E. C. Weddell, K.C., of Kelowna, completed the bishops' procession.

Among the clergy were Rev. A. R. Lett, of Oyma; Rev. W. B. Beames, of Penikese; Rev. A. B. Sharples, of Armstrong; Rev. T. R. Lancaster, of Revelstoke; Rev. A. C. Muckle, Coldstream; Rev. L. A. C. Smith and Rev. Grant E. Dale, of All Saints' Church, Vernon.

ed to boom tremendously, realized a century-old dream.

**Breathtaking Scenery**  
The scenery is extensive and breathtaking. From Princeton, the road rises to just over 4,000 feet altitude and the traveller gains an awe inspiring view of the Similkameen Valley. Lofty peaks, craggy mountains, deep gorges, heavily forested mountain sides, swiftly rushing creeks—all provide magnificent panoramas.

The highway, smoothly paved, is easily driven, with only an average amount of driving sense necessary to avoid mishaps. Some long hills will require caution in the winter time. About 4:15 p.m. Wednesday, on some of the big hills, frost covered the ground. Sand had been spread to prevent any slipping or sliding.

The road is well posted with signs, even to the extent of one which read: "Caution. Open Range. Cattle at Large."

"Excellent, well constructed bridges span the many creeks."

Those who were lucky, or who had patience enough to wait in a long lineup, availed themselves of the cold chicken luncheon plate offered in one of the Department of Public Works buildings.

Nearing completion are the chalet and other buildings for Manning Park, a new playground area, easily accessible for Coast and Interior residents.

For the Vernon people who drove to the opening, the ride home was

trucks and other machinery. The rotary snow plows were demonstrated in operation, through use of paper streamers. There was no snow on the road.

At the Allison Pass summit, altitude of 4,200 feet, an archway of logs and planks had been erected and covered with cedar boughs. On one side was the officials' platform. Present were Premier Johnson, Public Works Minister E. O. Carson, Finance Minister Herbert Anscomb, H. C. Anderson, Public Works Chief Engineer, State of Washington officials and other engineers and contractors.

The day had a double significance for B.C.'s popular Minister of Public Works. Mr. and Mrs. Carson observed their 28th wedding anniversary on Wednesday.

Mr. Carson acted as chairman. He said: "Today is a proud day for the Department of Public Works, the government of British Columbia and the people of British Columbia."

Opening of the Coast-Interior link marked "the culmination of a 100-year objective." Mr. Carson paid tribute to former Premier John Hart and Mr. Anscomb, former Public Works Minister.

Mr. Anscomb made a short address before the Premier opened the gates. He gave an idea of the magnitude of the road work being done in B.C., pointing out that five or six years ago \$2,800,000 was allotted for highways while this year almost eight times that amount has been set aside. Ten million dollars will be spent this year on new highway construction.

Traffic was terrific. Many people were going right through and many cars were held up on their way to the Coast and to the Interior in the resulting traffic jam at the summit. Buses were used to transport people to the summit from the parking area but they could not handle the amount of people thronging to the opening.

**Largest Road Project**  
Automatic traffic counters were used by the Public Works to tally the number of cars from east and west.

The largest modern highway project ever to be undertaken by the provincial government should satisfy even the most exacting motorist. Grandeur, color and comfort are the keywords in this spectacular section of road.

No easy job, involving an immense amount of time, material and labor, the highway opens up a new land for the tourists, faster and more easily accessible markets commercially, and is a tangible promise of things to come in B.C.'s highway system.

Wednesday was a great day for the bustling centre of Princeton. The carpet was rolled out, streamers, flags and bunting decorated stores and houses; Hope-Princeton pamphlets were given to every motorist, as this city, which is expect-

ed to boom tremendously, realized a century-old dream.

**Breathtaking Scenery**

## Town and District

J. H. Watkin returned to Vernon on Monday morning, after a week's absence in Vancouver.

J. Unsworth Holt, of Vernon, left for Vancouver on October 24, and is under observation at Shaughnessy Military Hospital.

Postmaster A. E. Lefroy is away from Vernon for a few days. On annual holidays, Mr. Lefroy also attended Shaughnessy Military Hospital for a rebond.

The guest of Rev. and Mrs. L. A. C. Smith, at All Saints' Rectory, yesterday, Wednesday, and Thursday, is Right Rev. Frederick P. Clark, Bishop of Kootenay.

After visiting her mother, Mrs. S. Joe, brother, Walter Joe, and other relatives in this city for a week or 10 days, Mrs. Kay Sam has returned to her home in Vancouver.

Mayor T. R. B. Adams represented the city of Vernon yesterday, Wednesday, at the opening of the Hope-Princeton Highway. Mayor Adams was accompanied by his wife and family.

Major Charles H. Pitt returned to Vernon on Saturday, after a few days in Vancouver, during which he attended sessions of the Royal Commission on the arts, letters and sciences in the Hotel Vancouver.

Recent guests of Mr. and Mrs. P. H. O. Harrison, of Okanagan Landing, were Mr. and Mrs. Christopher Smythe, and little daughter, Felicity, of West Summerland, who were the Harrisons' guests for a week.

S. C. Bate, of Vancouver, was in Vernon on Monday and Tuesday of this week. Mr. Bate is with the Post Office Department, and was taking examinations from the Vernon Post Office clerks on sortation of the mail.

Mrs. A. J. Doull, of this city, is hostess to Most Rev. George F. Kingston, Archbishop of Nova Scotia and Primate of All Canada, and Mrs. Kingston, during their brief visit to Vernon.

Mrs. Ivor Batten left on Tuesday for her home in Revelstoke, having been the guest for several days of Mrs. W. S. Harris, of this city. While in Vernon, Mrs. Batten attended a performance of Skating Sensations, starring Barbara Ann Scott.

A. F. Wilbee, of this city, plans to leave today, Thursday, for Vancouver, where he will exhibit 10 of his Yorkshire canaries in the B.C. Cage Bird Show. Mr. Wilbee will probably return on Tuesday.

Al Eubrey, of Nelson, is in Vernon and district on business.

George Knowles, of Vancouver, was in Vernon for a few days this week on a business trip.

R. W. Ley, of this city, left on Tuesday night for Vancouver, where he will spend several days on a business trip.

Albert Desmarais and Fred Desmarais, both of LaFleche, Sask., are guests of their sister, Mrs. D. Johnstone, of this city.

George Jacques, of this city, as at the Coast on a business trip. He is expected to return home about the beginning of next week.

Sandy Shearer returned to his home in Trail yesterday afternoon, Wednesday, after spending several days in Vernon and Kamloops on business.

Mr. and Mrs. W. J. Forsyth, of this city, left on Monday morning for Vancouver where Mr. Forsyth was called owing to the death of his brother, Robert Forsyth.

Dave Henschke and Harold Hamilton, both of this city, left for Vancouver on Tuesday evening on a business trip. They plan to return by car in a few days' time, over the Hope-Princeton Highway.

Mayor Theodore R. B. Adams returned to Vernon on Monday, after a few days' absence in Vancouver attending the annual meeting of the B.C. Progressive Conservative Association.

Rev. R. J. White, with his wife and family left on Tuesday for Hualilan, Alta. Mr. White has been pastor of the Elgin Tabernacle in Vernon for the past few years, and has now accepted a charge on the prairie.

Mr. and Mrs. Charles Fullford and Mr. and Mrs. Robert Macdonald left Vernon yesterday morning, Wednesday, to spend a week in Vancouver on business. The party attended the opening of the Hope-Princeton Highway enroute to the Coast.

Mrs. Irene Jonas and her daughter, Miss Peggy Jonas, left on Saturday evening for their former home in Nanaimo, where they will resume residence after three years spent in Vernon district. Mrs. Jonas sought the Okanagan climate for health reasons.

Mr. and Mrs. W. E. Megaw returned to their home in Vernon on Sunday, after a fortnight's holiday in Vancouver. Accompanying them on their trip back was Archie Fleming, also returning from a trip to the Coast, where he combined business and pleasure.

When Mrs. J. A. Henderson left Vernon on Saturday evening for Northern Ireland, after visiting here during the early summer, and again in the fall, she was accompanied as far as Sicamous by Mrs. John White, Mrs. A. E. Berry and Mrs. Archie Fleming.

Frank F. Becker and G. "Bud" Anderson, both of Vernon, and Ben Albrecht, of Vancouver, returned on Saturday from Grande Prairie, Alta., where they enjoyed a hunting trip of about 10 days. Their bags included geese, Hungarian partridge and prairie chicken; also a moose.

Mr. and Mrs. Frank Harris returned to Vernon on Monday morning after a week spent in Vancouver. At the Coast, Mr. Harris presided at sessions of the B.C. Division, Canadian Weekly Newspapers Association. Succeeding him as president of the group was Al Alsagard, publisher of the Powell River News.

While in Vernon with Skating Sensations, Miss Jean DeWitt and her sister, Miss Joan DeWitt, were guests at the Okanagan Landing home of old friends, Mr. and Mrs. F. H. O. Harrison. The DeWitt sisters are Western Canada's skating champions, and this is the first time they are on tour as professionals.

Mrs. Frank Stewart left on Tuesday evening for Ladysmith, Vancouver Island, where she is the guest of her parents, Mr. and Mrs. R. Derbyshire. She will be joined there in two or three weeks by Mr. Stewart, and together they will attend the golden wedding anniversary celebration of Mr. and Mrs. Derbyshire on November 20.

Mr. and Mrs. Theodore Chaffin, of Hyannis, Massachusetts, were guests of Mr. and Mrs. William Campbell, of Vernon, last Sunday. They have spent the past month with Mrs. Chaffin's uncle, Mr. Wright, of B.C. District, and are leaving for their home today, Thursday, travelling by the Hope-Princeton highway to Vancouver, and then via the United States, to their home.

Mrs. G. Cowan and two daughters, Jo-Anne and Patricia, of Yakima, Wash., are guests at the home of Mr. and Mrs. Paul Rivard, Okanagan Landing. Mr. Cowan drove his family here on Sunday and returned home that evening. Another daughter, Claudette, left yesterday, Thursday, to open the Yakima Figure Skating Club with a fancy skating performance. Mrs. Cowan came to Vernon owing to the death of her mother, Mrs. O. Desmarais.

Business Leader

Robert A. Bryce, of Toronto, was elected president of the Canadian Chamber of Commerce, the national federation of Boards of Traded and Chambers of Commerce, at its annual meeting in Montreal. Mr. Bryce has spent his life in the mining business in northern Ontario and for a number of years has been associated with the Chamber of Commerce movement in Canada.

## Former Vernon Man Dies in Brampton

Friends of the family in Vernon will learn, with regret, of the death on October 19 of Thomas Albert Williamson at home in Esquimaux Township, near Brampton, Ont. Funeral services were held October 21.

Mr. Williamson was born near Brampton, where he farmed until five years ago, when he retired and moved to British Columbia, living at Chilliwack and Vernon. He returned to Brampton, and two years ago purchased the farm in Esquimaux.

Besides his widow, Mr. Williamson is survived by two brothers, William on the home farm, and Mark, of Lakeland, Florida; three sisters, Mrs. John Pulfer and Mrs. David Wilson, of Brampton, and Mrs. Alfred Stafford, of Goderich.

## Village of North Kamloops Fixes Domestic Water Rates

KAMLOOPS, Nov. 2.—Rates to be charged for domestic water and the methods of payment have been decided by the commissioners of Corporation of Village of North Kamloops.

The charge for water will be \$3.50 per month. A discount of 50 cents will be given if payment is made by the tenth day of the current month. That means the net charge is \$3 per month.

However, it also has been decided that the bills will be issued quarterly in advance on January 1, April 1, July 1, and October 1. This system has been adopted for the convenience of water-users more than for anything else.

## Payment of Damages Approved by Court

An agreement involving the payment of damages to James McDonald, of Kelowna, for injuries sustained by his daughter, was approved by Hon. Mr. Justice H. S. Wood in the Vernon Court of Assizes on Tuesday of last week.

Mr. and Mrs. George T. Jackson, of Ottawa, arrived in Vernon this morning, Thursday, to visit the latter's parents, Mr. and Mrs. J. S. Galbraith, for the weekend.

The Jacksons are returning from San Francisco, where they attended the annual convention of Civil Service International Assembly, over which Mr. Jackson presided and at which he was re-elected to the presidency for the ensuing year. Mr. and Mrs. Jackson will leave for their home in Ottawa on Monday.

At birth the smallest mammal is the baby opossum which averages 1/140th of an ounce in weight.

## Wrong Data in News Story on Court Order

A news story carried in the October 27 issue of The Vernon News concerning a police court action involving A. N. Jakeman and Harry Scherba, both of this city, contained inaccurate statements.

The facts of the case were that Mr. Scherba was fined for killing a domestic duck, the property of Mr. Jakeman, and not the other way round as stated.

The Vernon News sincerely regrets any inconvenience that may have been caused Mr. Jakeman, through publication of the story, and apologizes to him.

## Fred Riske, Vernon Resident, Dies at Old Home in Alberta

Funeral services were held on October 27 from St. Peter's Lutheran Church, Bashaw, Alta., for Fred Riske, 45, a Vernon resident, who was on holiday at his old home when he was taken ill. His death was sudden, and occurred in Ponoka Municipal Hospital, Alberta, on October 24. Interment was in the family plot at St. Peter's Cemetery, Bashaw.

News of Mr. Riske's death will come as a shock to friends in Vernon. He left about two months ago for a vacation.

Born in Bashaw in 1904, where he received his education, Mr. Riske later established a farm in the district. He married Miss Ella Schultz in 1927. Owing to indifferent health, Mr. Riske retired from the farm and moved to Vernon in 1945, where he has resided since.

Besides his widow, Mr. Riske is survived by two sons, Ronnie and Courtney, of Vernon; two daughters, Gertrude of Calgary and Bernice, of Vernon; his father, Carl Riske, of Kamloops; three brothers, Henry, Vernon and Bill, in Saskatchewan and Gus at Bashaw; also two sisters, Lena, of Vernon, and Minnie, of Kamloops.

## Supreme Court Reverses Lower Court Decision

During the sittings of the Fall Assizes on Tuesday of last week, Hon. Mr. Justice H. S. Wood upheld Betty Brewer's appeal from a decision of a lower court, which found her guilty of keeping liquor for sale.

After recapitulation of the evidence Mr. Justice Wood found Miss Brewer not guilty of the charge and reversed the lower court's decision.

Price from \$25.00 to \$500.00

## Monte Lake Man Receives Injury in Car Accident

SALMON RIVER VALLEY, Nov. 1.—Travelling close to the right hand side of the road and hitting a soft shoulder, Paul K. Hanbury, of Monte Lake, driving a 1948 sedan, rolled over a 50-foot embankment on a winding portion of the Vernon-Kamloops Highway about 18 miles north of Vernon, near Schweb's Bridge, early Saturday evening.

Mr. Hanbury, only occupant of the car, suffered considerable shock and a probable chest injury. He was taken to the Vernon Jubilee Hospital by a Salmon River resident.

Approximately \$2,000 damage was done to the vehicle.

Saturday's mishap was the third accident to occur at almost the same place this year. Many people in the district feel that a more adequate warning sign should be erected on the highway.

NEW YORK.—John McGraw was a baseball manager 31 years.

## "Time Not Ripe" for Merger Of Interior Boards of Trade

There will be no amalgamation between the Okanagan and Mainline District Associated Boards of Trade and the Southern Interior Associated Boards of Trade.

This fact became easily apparent on Thursday morning of last week when the northern Trade Board group met in quarterly session at Lumby.

The merger proposal was put forward by a representative of the Southern Association at the last meeting of the Okanagan-Mainline organization in Vernon this summer. A poll was taken subsequently of member boards and results of this were read to the meeting last week by secretary J. A. J. Illington, of Vernon.

Against the proposal were: Penticton, Osoyoos, Princeton, and Kamloops. Favoring the move were Lumby and Kelowna, the latter sponsor of a resolution for the merger. The Vernon Board of Trade was for the amalgamation only if a "very decided majority" of member Boards approved.

President Norman Bartlett, of Vernon, informed the meeting that the Southern Association was opposed to the plan.

good enough. We should be at least favored with the courtesy of knowing why these things can not be done."

Mr. Bartlett suggested that the matters be followed up and the various officials asked why action can not be taken.

Supporting a resolution from the Lumby Board of Trade, the association will ask the Department of Public Works for a statement of policy for the Monashee Highway. The Lumby Board has been pressing for action on the Monashee for a considerable length of time.

**Monashee Next Year**

Later in the day, at a luncheon, E. C. Carson, Minister of Public Works, told the delegates that work on the Monashee highway would not be started until next summer. Then the Department hopes to put the road in shape so that heavy snow clearing machinery can go into action next winter. By the winter of 1951, owing to the Whatchan power development, the highway will have to be kept open.

Members of the Okanagan-Mainline Boards will make a goodwill tour by rail to Vancouver and New Westminster in February. The trip was proposed by the Kamloops delegation. Member Boards during earlier discussion of the resolution had thought the trip was to be by car and their representatives favored a motor caravan to the Coast via the Fraser Canyon returning through the Hope-Princeton Highway.

However, Kamloops delegates explained the idea was merely for a goodwill tour by rail and the resolution was adopted.

Two proposals submitted by Falkland-Westwood and Sicomous, were not received in time to be considered by the meeting. They concerned setting the provincial non-resident anglers' licence on a "family rate" of \$10, and approval of the Big Bend route as the choice for the Trans-Canada Highway through B.C.

Under the heading of new business, Mr. Bartlett brought up the matter of a constitution, and by-laws for the association. A committee will be appointed to draw up suitable rules and regulations. The annual meeting of the association, to be held in Revelstoke in January, will consider the establishment of an interior information booth at Banff. Mr. Abrahamson brought up the matter, saying that each year reports were heard that tourists were being directed through the United States instead of over the Big Bend into British Columbia.

Kamloops supported the setting up of an information booth to combat this misdirection.

The meeting also favored press and radio reports daily on road conditions throughout the province. The meeting concluded its business session in time for a luncheon, prepared and served by members of the Lumby W.A. to the Canadian Legion. Hon. E. C. Carson, Minister of Public Works, was guest speaker.

Following luncheon, most of the delegates accepted the Lumby Board's invitation to drive through the district. The party was shown the B.C. Power Commission's Shuswap Falls plant by Gordon Cleal. Returning via a section of the Monashee, the Trade Board men were driven to the various timber and pole yards in Lumby and watched the heavy machinery and equipment at work. Transportation was provided by Harry Chamings.

## Nehru Visit May Increase Canada And India Trade

There is a possibility that trade between India and Canada will see a marked increase as a result of the visit of the Prime Minister of India, Pandit Nehru. This was the word received from O. L. Jones, Member for Yale, in his weekly newsletter.

A packed and interested audience, including Senators, Commons and general public greeted the Prime Minister of the new member of the British Commonwealth of Nations. Mr. Jones said the speaker addressed the House in a very quiet cultured voice. Fortunately, for those unable to hear him, the speech was recorded and included in the current issue of Hansard.

Mr. Nehru told his audience that India is quite happy as a member of the Commonwealth and indicated that there had been no attempt to weaken the ties that bind the members together.

Trade conditions are very much in the limelight, according to Mr. Jones. The opposition found little complaint with the budget for the current year when it was re-introduced by Finance Minister Douglas Abbott.

**No Surprises**

The budget contained "no surprises and very few minor changes" including the removal of the eight percent sales tax on fuel oil to place it on an equal basis with other fuels such as coal and wood. Mr. Jones said that a surplus of \$595,000,000 was declared in the budget. "This is a substantial increase over the estimated surplus six months ago," he added.

The Progressive Conservatives moved an amendment to the budget resolving that the "government has failed to take effective measures" to prevent trade decline in the sterling area and recommended a Commonwealth conference to attempt the solution of this problem.

The C.C.F. moved an amendment to the amendment advocating that increased trade with sterling countries be accomplished in part by reducing tariffs.

In his summary of the trade position, Mr. Jones advised that "it is no longer a secret that our export trade is deteriorating and naturally most Members are anxious to prod the government into doing something that will overcome the reluctance within the sterling bloc and increase their trade with the dollar areas."

**D. V. A. Committee**  
Mr. Jones added that during the discussion of the estimates for the Department of Veterans Affairs, Veterans Minister Gregg was pressed numerous members to set up a Veterans Affairs Committee in the House.

According to Mr. Jones, this committee "functioned two years ago and did splendid work but for some reason was not appointed during the last session nor has it been during this one."

The Yale M.P. stands in favor of the re-establishment of the committee because closer relations between the Department and the government could be maintained through the standing committee.

## Mara Community Club in Annual Hallowe'en Party

MARA, Nov. 1.—The Mara Community Club joined in the festivities of the eventful Hallowe'en on Monday evening when they presented their annual Hallowe'en party in the local Community Hall. Orange and black streamers, pumpkins and jack-o'-lanterns decorated the walls.

The evening's entertainment was opened with a sing-song in which everyone took part. The judging of costumes took place following the sing-song.

Winners were: pre-school age, Barry Warkentin, Sandra Kilb, Murray Gray, Vicky and Harvey Rosman; school children, Pat Bell, Alice Johnson, Marilyn Witale, Alan Robertson, Kenny Screen and Floyd Vahrol; adults, Miss Lily Johnson, Miss Ewen Johnson, Mrs. N. Collins, Mrs. T. B. Johnson, Mr. and Mrs. John Cross.

## HUNTING

Fleasants—Still plentiful in higher districts, but a dog is definitely a "must" at this stage of the season.

Indian Reservation is still attracting majority of hunters. A special permit is required to shoot on the Reserve.

Deer—Clearing out of district on their way south. Many sportsmen are expecting a new crop in the very near future. Stubble shooting has been good.

Partridge—Commonage is as good as any area in this district. Good marksmen are bagging limits.

Deer—Few and far between. Big game hunters are waiting for a heavy snowfall in the uplands to drive "nimble foot" to lower areas.

Deer—Few and far between. Big game hunters are waiting for a heavy snowfall in the uplands to drive "nimble foot" to lower areas.

Bernard Docusen who now is the top-ranking contender for the world welterweight title, is rated as one of the great boxers of the era.

## Grant Completes Vernon Defence

Vernon had added another experienced campaigner to its already top flight defence in the person of rugged Dunc Grant who hails from Kerrobert, Sask.

Dunc is a husky, blond, 29-year-old who figures he's got a lot of good hockey left in his system. He looks as though he has, too.

Dunc lined up with the Ponoka Stampede last year. The year previous, 1947-48, he bulwarked the defence of the Camrose Maroons when they went to the Western Canada Intermediate finals against New Westminster. Camrose dropped the series, but only after carrying it to the full seven games, all of which were played on Coast ice.

Tops in Dunc's hockey memories was the Allan Cup series between the Victoria Army and the Ottawa Commandos in 1942-43. Grant played on the Victoria team along with such well known stars as Nick Metz, Bill Carse and Art Rice Jones. This series was a great thrill for Dunc despite the fact that Ottawa finally carried the Cup back east.

Dunc should feel right at home here as he spent several months in Vernon with the Army during the war.

Now he's employed with a local contractor. He describes the work as "back breaking," but figures the labor will help him to round into shape a little faster.

He has shown up well to date and will undoubtedly make a solid acquisition to an already excellent blue line lineup.

## North Okanagan Soccer Crowns Come to Vernon

—Baumbrough, Phillips, Davies Score

Frances Baumbrough, Mark Phillips and Trev Davies were cast in the hero roles in Polson Park on Saturday afternoon when the Vernon High School Senior girls and boys showed supremacy in every department over the Salmon Arm representatives to capture the North Okanagan High School soccer crowns with 2-0 and 2-1 respective triumphs. The local junior girls ran into stiff opposition from the northern visitors and were humbled 1-0.

Action galore is promised for Polson Park this Saturday when four contests are slated. Commencing at 12:30 o'clock, the junior girls will get things rolling when they tackle Enderby. Salmon Arm meets Vernon in the second game of the tournament and Enderby and Salmon Arm tangle in the final junior girls' feature.

Main event of the afternoon is a zone playoff game between the Enderby and Vernon junior boys. This promises to be the battle of the season as both teams have been practicing regularly for this meeting and the fur should be flying.

With centre forward Frances Baumbrough capitalizing on a penalty kick early in the first quarter, the Vernon senior girls threw up a stonewall defence and few shots were directed towards Tina Beauchart, guarding the local goal.

In the second quarter, Vernon's Baumbrough trapped a relay from Ruth Ferguson and Sue Husband and made no mistake from close in to clinch victory for the locals.

The final half saw the Salmon Arm eleven make a desperate bid to get back into the picture, but the sensational defensive work by the Vernon backs held the fort to give Tina Beauchart a shutout and the Vernionites the championship.

The boys' game was a little different. The Vernon High School seemed in for a tough battle from the opening whistle when Salmon Arm controlled most of the play and came close on a few drives.

A corner foul kick from some 30 feet out gave the locals the break they needed.

Don Nolan, playing outside right, failed on two corner kicks earlier in the game, so he voluntarily motioned for Phillips to take the kick. This gesture by Nolan proved timely and very important for the locals.

Phillips lifted the sphere high into the air and it just skimmed under the top bar of the Salmon Arm goal inches away from the Salmon Arm goaltender's outstretched hands.

The teams battled pretty much on even terms for several minutes after the initial goal of the game until, with minutes remaining in the first half, Trevor Davies burst through the Salmon Arm defence to boot home a centred pass. Jim Hohoruk set up the play.

That was all the scoring for the locals.

Although coming close on a few

tries, Vernon found things rough in the second half and had their hands full maintaining their two-goal lead.

Salmon Arm broke the goose egg in the second half when Dale Boutwell scored on a penalty kick, but further tries fell short.

The Vernon senior girls and boys now meet Ruland for the Valley title. The playoff games are scheduled for Saturday afternoon, site undetermined up to Monday.

Senior hockey in the Okanagan Valley is on a par with that in the Kootenays, according to Al Euerby, a referee in the Western International Senior Hockey League, who is in Vernon on business and attended the game between the Packers and Canadians on Tuesday night.

"There is only one major difference in the styles of play in the two leagues. The Okanagan loop is scrumbly with everyone chasing the puck, while in the Kootenay each player plays his position leaving room for more passing plays."

Mr. Euerby added that this factor might make a difference in the playoffs. He picks the Kootenays to win out in the playoffs, "but they'll know they have been in a tough hockey game," he said.

He was particularly interested in the play of Len Wallington, who exploded the game wide open with his dazzling exhibition. "There's one player who could play in the Kootenay League for sure," he said.

### Residence Rule Halts Signing of More Pucksters

Teams in the Okanagan-Mainline Senior Hockey League have had their limit of players for this season so far as the residence rule, as stated in the official rule book of the C.A.H.A., is concerned.

The residence date was Tuesday, November 1.

The rule reads that no player can compete in an Association game who has not been a resident of the city or rural district to which his club belongs, since November 1. In the case of clubs playing on natural ice, residence for transfer of players is December 15.

There are several exceptions to the "branch-to-branch" residence date and to the "with-in-the-branch" residence date. These exceptions are not applicable after February 10.

Players whose parents and family change their residence, graduates from a college or university at the term just concluded, employees with six months' service who are moved by their employers, transfer between Senior A and Junior A clubs may be made until December 15 provided the release is obtained and transfers are limited to the league only.

Hooper's Wildcats and Nicks are deadlocked for first place in the Senior City Men's Basketball League with two wins each, according to official statistics released this week by Vince Murray, president.

Tonight, Thursday, at 8, Nicks have an opportunity of moving into sole possession of the top rung when they meet the High School Hoopers who are not scheduled to play.

Still, unless the High School, Vernon Comets and Walter Patten's Pats.

Standing—

Nicks 2 0 0 4  
Hooper's Wildcats 2 0 0 4  
Pats 2 0 0 0  
Comets 1 0 1 0  
High School 1 0 1 0

Okanagan-Mainline Senior Hockey League Standings

Vernon 7 5 2 0 10  
Kelowna 7 3 3 1 7  
Kamloops 7 3 3 1 7  
Nanaimo 7 2 3 2 6  
Kerrisdale 4 0 2 2 2

November 4—  
Nicks vs. High School; Pattens vs. Vernon Comets; Hooper's Wildcats, bye.

November 11—  
Nicks vs. Vernon Comets; Pattens vs. Hooper's Wildcats; High School vs. John Oliver (special feature).

November 18—  
Vernon Comets vs. Nicks; High School vs. Hooper's Wildcats; Pattens, bye.

November 25—  
High School vs. Pattens; Hooper's Wildcats vs. Nicks; Vernon Comets, bye.

More games will be added to the schedule at a latter date.

tries, Vernon found things rough in the second half and had their hands full maintaining their two-goal lead.

Salmon Arm broke the goose egg in the second half when Dale Boutwell scored on a penalty kick, but further tries fell short.

The Vernon senior girls and boys now meet Ruland for the Valley title. The playoff games are scheduled for Saturday afternoon, site undetermined up to Monday.

The Vernon Canadians appeared to be rolling to a fairly routine victory over the Kelowna Packers Tuesday night at the Civic Arena when Vernon's newcomer, Len Wallington, stunned the near capacity crowd with a terrific scoring spurge which netted him three goals in the space of 33 seconds to give the locals their 7-2 win.

Wallington's spectacular goals—Vernon grabbed a 4-2 lead at the were typical of the goal scoring efforts of the professional hockey player who coasts until the breaks appear and then flashes in as quick as lightning.

At the 10:50 mark in the third period with Vernon holding a 4-2 margin, the ex-pro speedster picked up a loose puck at centre and cut around the defence like a bullet to blast a low shot past Laface.

Apparently enjoying his new-found scoring prowess, Wallington repeated his previous effort right after the faceoff. He hurtled in on the goal and, unable to pull up in time, he and the puck scored simultaneously from close in.

Still he was not finished. The crowd literally blew its top as he practically duplicated his previous marker just seconds later to end the scoring for the evening.

Until he went berserk in the third period, Wallington had succeeded in turning in a very mediocre performance.

Following this soul-shattering single-handed onslaught, the Kelowna Packers attempted to organize their befuddled crew into a potent scoring unit.

It was hopeless. Inspired by Wallington's show the Canucks held them off and even threatened to widen their margin of victory on several occasions.

The game progressed at fast pace throughout. Smooth passing plays were in evidence only on occasion, however.

The teams were deadlocked at 1-1 at the end of the first period, and 2-2 at the end of the second.

## Minor Hockey to Commence "Booster Drive"

—Boys Asked to Meet in Arena Tonight

## Interior Basketball Opens Saturday; Five Teams Join

The opening game of the 1949-50 Interior Senior B Basketball League is scheduled for Saturday with Penticton travelling to Kamloops and Summerland, meeting the Kelowna Golden Bears in the Orchard City.

Vernon will play its first game on November 12 when the 1948-49 Interior champions, Kamloops Rainbows, visit the Scout Hall. The local lineup has not been announced, but Coach Howard Thornton revealed that the club is considerably strengthened over last year's team.

Only five teams will take part in Interior play this season. Oliver having withdrawn because of a shortage of players and Princeton dropping out because no suitable basketball court was available. Princeton will be allowed to challenge the league champions in the event that the new Princeton gym is completed.

Following is the schedule released on Thursday of last week by Andy Bennie, of Penticton, president of the Interior Basketball Association:

November 5—Penticton at Kamloops, Summerland at Kelowna; November 8—Kelowna at Penticton; November 11—Kamloops at Summerland; November 12—Kamloops at Vernon; November 16—Vernon at Kelowna, Penticton at Summerland; November 23—Summerland at Kamloops, Penticton at Vernon; November 26—Kamloops at Penticton, Vernon at Summerland; November 30—Kelowna at Summerland; December 3—Vernon at Penticton, Kelowna at Kamloops; December 10—Kamloops at Kelowna, Summerland at Penticton; December 14—Kelowna at Vernon; December 17—Penticton at Kelowna, Vernon at Kamloops; January 7—Kamloops at Kelowna, Summerland at Vernon; January 11—Penticton at Summerland; January 14—Vernon at Kamloops, Kelowna at Penticton; January 21—Kelowna at Kamloops, Summerland at Penticton; January 28—Penticton at Kelowna, Kamloops at Vernon; February 3—Vernon at Summerland.

## Hat Trick in 33 Seconds

(Continued from Page 9)

## Winter Sport Organized At Lavington

LAVINGTON, Oct. 31.—A committee, aiming at the co-ordination of all Lavington sporting activities, was chosen at a general meeting held in the Memorial Hall on Sunday.

Clifford Davies was elected to represent the badminton enthusiasts and Michael Freeman the basketball players. Miss Winnifred Lawrence will handle all of the school children's sporting activities.

Anyone wishing to take part in any of these games may do by contacting any of the former committee members.

Badminton is scheduled for Sunday afternoons and Sunday and Tuesday evenings. Basketball will be played each Monday and Thursday.

LANSING—Michigan State has added hockey to its 1949-50 sports calendar.

"Never Bolt Your Door with a Boiled Carrot." This proverb comes from Ireland. You've guessed that? Anyway, you'll agree there's plenty of sense in it. And, talking of protection, what do you do with your bonds, insurance policies, property documents, jewellery and other things you cannot afford to lose? Have you a Safety Deposit Box at the Bank of Montreal, or do you rely upon a boiled carrot.

Hoskins score his second goal on a pass from Jim Hanson two minutes later. Hoskins sailed across the goalmouth and whipped the puck between Bowler's legs.

That left the score at 2-2 going into the third period. Both teams played pretty solid defensively to hold down the score. Frank Kuly and Jack O'Reilly made the job pretty tough for incoming forwards while the Vernon rearguard played its usual close checking and hard-hitting game.

Massive Dave McKay played a tight defensive game as well as mounting a number of deadly attacks. He did pick up three penalties during the evening, however: one for little more than making faces at a Kelowna player. It doesn't always pay to bulk so large in the eyes of the referees apparently.

Jack O'Reilly, rough and tough Kelowna rearguard, was throwing his weight about in the second period. In attempting to nail Kobussen he sailed right on by to flatten his fellow defender, Frank Kuly.

As the play opened in the third period, Kelowna was actually carrying the play and Bowler blocked a number of shots that were labelled.

Speedy Don Jakes, playing his best game to date, scored what proved to be the winning goal at 6:54 of the final canto. Sullivan fired one in from about 30 feet which picked the corner neatly and the stage was set for Wallington's spectacular effort.

The Kelowna fans who applauded every Kelowna effort in the first two periods of the game, sat back in stunned silence for the remainder of the game. They knew they couldn't beat that sort of scoring. Their cheers would have to wait for another game.

### SUMMARY

First Period—1, Kelowna, Hoskins (Gourlie), 1:38; 2, Vernon, Betts, 10:46. No penalties.

Second Period—3, Vernon, Davison, 9:28; 4, Kelowna, Hoskins (Hansen), 10:48. Penalties: Wallington, McKay (2), Gacek.

Third Period—5, Vernon, Jakes (Loudon), 6:54; 6, Vernon, Sullivan, 10:13; 7, Vernon, Wallington, 10:50; 8, Vernon, Wallington (Sullivan), 11:05; 9, Vernon, Wallington (Jakes), 11:23. Penalties: McKay, O'Reilly (2).

### Lineups—

Vernon Canadians—Bowler, Stecyk, Nelson, McKay, Grant, London, Mills, Davison, Jakes, Betts, Kobussen, Sullivan, Wallington, Potrie.

Kelowna Packers—Lafane, Kuly, O'Reilly, Bonenchuk, Middleton, Gourlie, Hoskins, Hansen, Mittle, Sundin, Knippleberg, Gacek, Hammond.

## Sports Calendar

### HOCKEY

Thursday—Mainline League, Vernon at Kelowna; Kerrisdale at Kamloops.

Thursday—Minor Hockey Meeting, Vernon Civic Arena, 7 p.m.

Friday—Mainline League, Kerrisdale at Vernon.

Saturday—Mainline League, Kerrisdale at Kelowna.

Tuesday—Mainline League, Kamloops at Vernon.

### BASKETBALL

Thursday—City League, Nicks vs. High School; Pats vs. Comets, 8 p.m.

### SOCCER

Saturday—High School, Enderby vs. Salmon Arm. Kickoff at 12:30 o'clock.

PITTSBURG—Dixie Walker, major league outfielder for 18 years, became a first baseman August 2 for the first time when Johnny Hottel first pitched was hurt.

With an object of giving every boy in Vernon and district an opportunity of playing hockey on an organized, coached team participating in a regular league, the Vernon Minor Hockey Association is sparing no energy or effort in making the 1949-50 minor season, the biggest and best in Vernon's history.

Already more than 20 local citizens, interested in the promotion of hockey among the younger players, have banded together to form the Vernon Minor Hockey Association executive. The goal which they will be striving for is far off in the distance, but they will be shooting hard and with everything they have to reach it. Regular executive meetings are being held and plans and organizational details are being finalized. Now, it's up to the kids themselves.

A very important meeting has been called for every hockey player from the pee wee to junior ranks. Site is the Vernon Civic Arena. Time is tonight, Thursday, commencing at 7 o'clock sharp.

The Vernon Minor Association is finalizing plans for a city league in each division, pee wee, bantam, midget and juvenile. One junior team will be formed.

The purpose of the meeting tonight is to form the youthful pucksters into zone canvassers in preparation for a giant booster ticket drive commencing Monday night at 6:30 o'clock.

The week beginning Monday, November 7 is being declared "Minor or Hockey Week" in Vernon and all citizens are asked to purchase hockey booster tickets so that the kids may get a fair chance in Canada's national sport.

Proceeds will go towards providing equipment and fostering minor hockey in this city. Holders of booster tickets will be admitted to the city league games for 10 cents.

Through the co-operation of the Vernon Civic Arena and the Vernon Amateur Hockey Association, under president Charlie Fullford, each Thursday night, from 5 to 11 p.m. has been given to the V.M.H.A. as "minor hockey night." Present plans are to have the city leagues function on this night. This is in addition to regular hockey practice hours.

## CANADA PRODUCES SOME OF THE WORLD'S FINEST APPLES

When choosing apples for eating or cooking, you look for fine flavour and firm texture—qualities for which Canadian apples are famous. Canada's invigorating climate and fertile soil produce many varieties of apples for the world's appetite.

## Why Seagram's sells Canada first

This is an adaptation of one of a series of advertisements designed by The House of Seagram to promote the prestige of Canada and help sell Canadian products to the markets of the world.

The campaign is appearing in magazines and newspapers published in various languages and circulated throughout the world. The peoples of many lands are told about the quality of Canadian products and see Canadian scenes illustrating these products.

The advertisements are in keeping with the belief of The House of Seagram that the future of each business enterprise in Canada is inextricably bound up in the future

of Canada itself; and that it is in the interest of every Canadian manufacturer to help the sale of all Canadian products in foreign markets.

A campaign such as this not only helps Canadian industries but also puts money in the pocket of every Canadian citizen. One dollar of every three we earn comes to us as a result of foreign trade. The more we can sell abroad the more prosperous we will be at home. It is with this objective that these advertisements are being produced and published throughout the world.

### Grindrod Residents Enjoy Skating Show

GRINDROD, Oct. 31.—The large number of Grindrod residents who attended the Barbara Ann Scott show gave very favorable reports of the show's excellence.

Howard Just, of Didsbury, Alta., is spending some time at the home of his sister, Mrs. G. T. Tompkins.

Mrs. J. B. Burr left Tuesday, a week ago, for her home in New Westminster after spending the past five months here.

Mr. and Mrs. A. Marco and Miss S. Oseychuk were visitors at Vernon on Wednesday of last week.

Frank Hyam, of Sicamous, arrived Saturday to spend a few days with Jack Tordoff.

ANN ARBOR.—The Michigan Wolverines of their second Western Football Conference title in a row in 1948, the first Big Nine team to turn the trick since Minnesota in 1940 and 1941.

### Sicamous Badminton Club Readies Court For 1949-50 Season

SICAMOUS, Nov. 1.—About 10 members of the Sicamous Sports Club attended the "bee" at the local hall on Wednesday evening of last week. The lines of the badminton court were painted.

Two racquets have been purchased by the club for use of children interested in learning the game and for members of the group who do not own racquets.

Eward Slim was a patient in the Revelstoke Hospital last week.

Mr. and Mrs. Harry Stepp were visitors to Armstrong and Enderby on Saturday of last week.

Mr. and Mrs. K. R. Finlayson and family motored to Vernon on Friday to attend the "Skating Generations of 1950." On their return they were accompanied by Carol Johnson, who came to Sicamous for the Halloween party.

Other local residents who travelled to Vernon to attend Barbara Ann Scott's show included Mr. and Mrs. James Macdonald and Marion; Mr. and Mrs. S. D. Finlayson; Mr. and Mrs. C. Alk and Gordon; and Mr. and Mrs. Charlie Haggit.

Mrs. Eddie Graham was the guest of Mr. and Mrs. R. MacEwan, of Kamloops, for several days last week.

Mr. and Mrs. "Bud" Sherlock, Joey Maier and Miss Myrtle Pata motored to Vernon on Saturday.

Mrs. Fred Peters spent Thursday of last week with relatives at Salmon Arm.

Mr. and Mrs. Maurice Savole, of Revelstoke, visited friends in Sicamous on Thursday evening of last week.

Mrs. Lloyd Bennison and son, Graham, journey to Kamloops on Thursday of last week.

Mr. and Mrs. S. Rauma, Mr. and Mrs. E. Mayers, E. Ferguson, S. D. Finlayson and Ned Jackson motored to Salmon Arm on Thursday of last week.

The Valdosta Dodgers of the Class D Georgia-Florida League stole 237 bases in 142 games last season.

## Thompson Threatens, Elks Produce; Down Packers 6-4

Usually cool, calm and collected, Paul Thompson, pilot of the Kamloops Elks, cracked the whip loud and strong over the weekend when he released Bob Irvine and Gwynne Lovett, then served notice on the remainder of his crew to start hitting the puck or find another rink to play in.

This blowup by the Elks mentor ignited the long-awaited spark in the Kamloops attack and the mainliners rolled to an impressive 6-4 victory over Ken Stewart's Kelowna Packers Saturday night after being shutout 3-0 in Kelowna on Friday.

### Elks Rebound with 6-4 Win vs. Packers

After dropping three in a row, the Kamloops Elks jumped back into a second-place tie with the Kelowna Packers in the Okanagan-Mainline-Pacific Coast Senior Hockey League when they defeated the Packers 6-4 in Memorial Arena on Saturday night.

The Vernon Canadians have a one-point lead in the race for first place in the loop.

Saturday night's paid attendance was down somewhat from previous games; 1,376 watched the game.

Although they still have a lot of rough spots to iron out the Elks on Saturday night were a vastly improved squad over the sluggish outfit that lost to Vernon Canadians a week ago.

It wasn't just one player who showed improvement on Saturday night, it was the whole team. All the boys were skating both ways (until they started to coast in the last period). Most fans can put up with the odd losing streak if they know the boys are giving the game everything they've got.

Paul Thompson juggled his line for the game, and as a result had his scoring power a little more evenly distributed. Tommy Love was centring Art Thomson and Billy (Scooter) Hryciuk; Cliff Mills was in between Don Campbell and Johnny Hryciuk; and Al Swaine and Al McDougall were on the wings for Johnny Ursaki. Ken Terry, Jack Kirk and Don Johnston were on defence.

The Elks got away to a fast start on Saturday night. They led 3-1 at the end of the first, boosted it to 6-1 in the sandwich session, but were outscored 3-0 in the finale.

Billy Hryciuk tallied two for the Elks. Single markers went to Johnny Hryciuk, Al McDougall, Don Campbell and Don Johnston. Assists went to Jack Kirk, Ken Terry (2), Tom Love and Don Campbell. Playing coach Ken Stewart figured in all the Kelowna goals, scoring three and assisting on the other. Frank Hoskins also collected four points, with one goal and three assists. Jim Hanson garnered two assists and Jim Middleton one.

### Wildcats

(Continued from Page 9)

meat out of the Pats, was a great individual defensive display by Pats' Morgan McCluskey, desecrating shooting by Nicks' Terry Dunfield and the uncanny ability of the Pats to miss the hoop so frequently and by so much.

The game might have finished a little closer had the Pats been more accurate with their shots. Sarge Sammartino, Vic Laban and Al Munk worked into the key for many shots, but were going through a rough night and missed consistently.

With Dunfield showing the way, Nicks bounced into a 9-2 lead in the first quarter and whipped home 14 points in the second chapter to lead 23-8 at the half.

Big Morg McCluskey was, all the Pats had as far as defence was concerned. Besides holding point-making Ken McGregor to seven markers, McCluskey knocked many certain baskets off the target during the battle.

In the second half, the Pats came to life. To the amazement of the couple of spectators who stayed for the second half expecting a continual slaughter by the Nicks, Pats outscored Nicks 22-18. But the rally came to late and fell short by quite a margin.

Lineups—

Vernon—Comets—Tahara 7, Yamani 12, Kawaguchi 10, Yamaoka 1, W. Tahara 1, Anzai, Hatahara 2, Kareda—Total, 32.

Hooper's Wildcats—Koshman 10, Graves 11, R. Sammartino 8, Douglas, Stannard 4, Clarke 7, Kluck 2—Total, 42.

Nicks—Barnett 6, McGregor 7, Doychuk 2, Dunfield 13, Gray 8, Nolan 5—Total, 41.

Pats—Munk 9, S. Sammartino 4, McCluskey 3, Laban 6, Phillips, Clarke 6—Total, 28.

Referees: Charlie Pillar, Bill Koshman and "Buzz" Barnett. Timekeeper: J. McDonald. Scorer: Pat Worth.

### Enderby News Notes

Mrs. E. N. Peel, regent of Sir Douglas Haig Chapter of the I.O.E.F., motored to Armstrong on Monday of last week where she was a guest at the Armstrong Chapter I.O.E.F. meeting.

The meeting was held at the home of Mrs. Joe Mullen.

Jim Evans and daughter, Mrs. Tom Elliott, of Vernon, visited friends in Enderby on Monday of last week.

Germany is the only country that has developed and successfully operated a mono-railway, with cars suspended from a single overhead rail.

### Laface Sparks Team To 3-0 Win Over Elks

Undeterred by a flying puck that felled him before the game was a minute old, Al Laface registered the Mainline-Okanagan senior puck loop's first shutout in Kelowna Friday night as the Kelowna Packers blanked Kamloops Elks 3-0.

Press-radio all-star goaltender of the league last year when he played for the Vernon Canadians, Laface had to be patched up for a cut over his right eye when he stopped the first shot of the game, off the stick of Art Thomson, at the 35-second mark.

Using three former Winnipeggers for the first time and with Coach Ken Stewart making his first appearance, Packers held a slight edge throughout most of the game to hand the Elks their third straight beating.

Power plays while Kamloops was short-handed resulted in the first two goals, one in the opening canto and one in the second. Veteran centreman Bud Goarlie scored both, assisted by defenceman Frank Kuly, with the Elks last year.

All four players making their first showing with the Packers figured in the spotlight in one way or another. Wingers Denny Semenchuk and Cass Gacek combined on the third goal, while the defence pair of Tom Middleton and Ken Stewart ruffled Referee Bud Fraser enough to draw 10-minute misconduct penalties—both at the same time.

Laface had to call on all his talents during the misconduct penalties that ran from the second to the third periods. From that time on to the end of the game Elks had three excellent chances to spoil Laface's shutout, but each time the rubber hit the goal posts with a clunk that could be heard by every one of the 1,700 fans in the Memorial Arena.

Both teams were short two men at one stage during the last stanza, but Laface and Walt Malahoff, in his first crack at custodian duties for the Elks, kicked everything out.

Kamloops—Malahoff, McDougall, Johnson, Mills, Thomson, B. Hryciuk. Subs: Ursaki, Irvine, Love, J. Hryciuk, Campbell, Lovett, Kirk, Terry.

Kelowna—Laface, O'Reilly, Kuly, Goarlie, Hanson, Hoskins. Subs: Semenchuk, Hammond, Gacek, Mittle, Knippleberg, Sundin, Stewart, Middleton.

Referees—B. Fraser and E. Witt, both of Kelowna.

First Period—1, Kelowna, Gourlie (Kuly), 9:00. Penalties: O'Reilly (2), Love.

Second Period—2, Kelowna, Gourlie (Kuly), 7:52; 3, Kelowna, Semenchuk (Gacek), 13:05. Penalties: Middleton, Kirk, Middleton (minor and 10-minute misconduct), Stewart (10-minute misconduct), Johnson.

Third Period—No scoring. Penalties: Terry, Hanson.

### Commandos Peg Into Early Cribbage Lead With 4,233 Points

The peg-happy Commandos moved into an early lead in the Vernon Cribbage League on Friday night by making a 4,233 point score, 62 pegs up on the second place City Painters. Firemen wound up the opening night's activities in third place.

The two rookie entries in the league, Jaycees and I.O.O.F., served early notice that they are going to be strong contenders for cribbage honors. The Oddfellows notched 4,000 points while the Jaycees finished one hole behind.

Following is the team standing after Friday night's play:

Commandos	4,233
City Painters	4,101
Firemen	4,149
I. O. O. F.	4,060
Jaycees	4,005
Legion	4,048
L. A.	4,017
Independents	4,014
Scottish Daughters	4,000
Fythians	4,002
Robekins	3,910
W. O. W.	3,800

The "Busy Bees" elected their of-  
ficers at the first meeting of the  
season on Saturday evening, at the  
home of Mavis Goodenough.

Peggy McDonald was elected pre-  
sident and Velma Forry, secretary-  
treasurer. The meetings will be  
held each week at the home of one  
of the members.

Visiting at the home of Mr. and  
Mrs. J. Brett for a few days last  
week were Mr. and Mrs. George  
Brett and Captain William Brett,  
all of Longview, Wash., and Mrs.  
Stanley Grech, of Vancouver. They  
were summoned to visit their father  
who was seriously ill in the Ver-  
non Jubilee Hospital.

## Enderby Plans Armistice Day Events at Cenotaph

ENDERBY, Oct. 31.—According to A. Woodley, chairman of the Armistice Day services in Enderby, the program will be similar to other years except that the indoor portion of the ceremonies will be held in the Monarch Theatre.

The two minutes silence will be observed at the cenotaph where wreaths will be placed in memory of those who lost their lives in the first and second World Wars. Representatives of various organizations will place the wreaths.

Following the silence, the gathering will proceed to the theatre where a short service will be conducted. Hymns will be sung and ministers of local churches will assist with the service.

Members of the Enderby Business and Professional Women's Club travel to Armstrong today, Thursday, where they will attend the Armstrong Club's dinner meeting. A recent decision was to affiliate with the Armstrong Club due to the small membership in Enderby.

The B. & P. Women's Club is sponsoring the presentation of Donna Grescoe, noted violinist, who will entertain in the Vernon Legion Hall on Saturday night. Enderby members will attend.

Rod MacDonald has been a pa-

## Mrs. G. Schunter Representative for Medora Creek School

Mrs. G. Schunter was re-elected school representative for the Medora Creek School in the Sugar Lake district, at the annual taxpayers' meeting held at the school on October 16 at 2:30 p.m.

A. S. Towell, Inspector for School District Number 22, Vernon, was chairman of the meeting with Mrs. Schunter as secretary. T. R. Bulman and Herb McIntyre, school trustees, were guest speakers.

The guest speakers and Mr. Towell gave a brief, but interesting talk on the rural school consolidation.

Several motions were passed, and these were that a consolidation with the Hiltion School be secured when the school is built; a recommendation be sent in for a new floor for the Medora Creek School; phonograph and records be provided for the school; the interior be repainted, and lastly an attempt be made to have the roads snow-plowed this winter regularly to enable students to attend school regularly.

The school was closed last week due to the death of the teacher's father, Clephos Le Blanc, a well known oldtimer of Lumby.

A Hallowe'en party was held at the school on Friday afternoon for the kiddies, their brothers and sisters.

Hunting parties in the Lumby district are continuing to draw blanks except for Bill Schunter, who bagged a large caribou at Peter's Lake.

## Colorful Costumes Feature Falkland Hallowe'en Party

FALKLAND, Nov. 1.—A large crowd to turn out Monday, November 14 for the showing of the most original children's costume at the popular Hallowe'en masquerade dance on Friday night when they arrived as two little Negroes. Fuhr's orchestra supplied the music for the gala occasion.

The costumes were of exceptionally high calibre and made the judges' task a very difficult one.

Mrs. Blanche Netzel and Mrs. Ruth Swift won first prize for the originality of their costumes. They appeared as Mr. and Mrs. Oogopogo.

Jean Hoath and Amy Walmsley won first place for their majorette costumes, while Mrs. Dora Miller and Mrs. Mary Swift were judged the funniest for their Daisy Mae and Lil Abner costumes.

Ruby Churchill and Karen Hooy-er topped the grass skirted Hawaiian entries.

Bert Fitzpatrick was the best of the men's comic entries with his hobo outfit, while Esther Aitken won the girls' award in the same contest with her costume depicting a man from Mars.

New Projector

An interesting program, including two features, a cartoon and an educational film, was screened in Falkland Saturday evening for the Monte Lake, Westwood and Falkland residents who used their recently purchased projector.

"Life in a Submarine" and "Accidents Don't Happen" were the feature attractions, while the children enjoyed a Disney cartoon.

"Apple Valley" revealed the Okanagan Valley in color and presented an enlightening story of the fruit industry.

Because of the local shortage of power there will be no more Saturday night shows. However, films will still be shown two nights weekly.

Albert Moser told the audience that the machine is now fully paid for but added that a silver collection would be necessary to pay for the rental of new films.

Mr. Moser especially asked a

## Display of Fireworks Tops Sicamous Hallowe'en Fete

SICAMOUS, Nov. 1.—Ghosts, skeletons, bats, pumpkins and orange and black streamers were some of the decorations which created the atmosphere of Hallowe'en in the Sicamous Legion Hall on Thursday night of last week when the teachers and pupils of the Eagle Valley School held their annual public Hallowe'en celebration. Over \$50 was raised through the event.

A large crowd of adults and children filled the hall in time for the Grand March at 8:30 o'clock. The judges had their hands full in choosing the best costumes as everyone spared no energy in keeping with the events of Hallowe'en. All the costumes were excellent.

Prizes were awarded as follows:

Pre-school children: Carol Malar, Dutch girl; Reg Perry, pirate.

Adults: Frank Beck, clown; Mrs. Howard Peters, trapper.

Children: best Hallowe'en, Charlotte Edes, witch; best comic, boy, Murray Peck, Planter peanut; girl, Sharonn Green, Mammy; fancy dress, boy, Neil Finlayson, treader; girl, Connie Tree, Bo-peep.

The contest for the best Jack-o-lantern cut from a pumpkin was won by Dorothy Sutherland.

Music for the evening was supplied by members of the Staff family and Mrs. K. R. Finlayson and R. Merrit. Solos were sung by Jimmie Jacobson, of Malakwa, and Joan, Jimmy and Gerry Staff.

Joan, Jimmy and Gerry Staff reached the finals in the Vancouver Daily Province amateur contest held in Vancouver last year.

Following the presentation of prizes, the gathering assembled outside the hall to watch a brilliant display of fireworks which was put on by the Sicamous branch of the Canadian Legion.

**Social Items**

Mr. and Mrs. Ross Graham and son, Ivan, accompanied by Albert, Bill and Leslie Zettergreen, of Mara; Hoy Cooper and A. Timpany left on Sunday of last week on a hunting trip to the Cariboo. They returned on Saturday morning with three moose which were shot near Gang Ranch.

Mrs. R. W. Bruhn returned to her home in Vancouver on Monday. Max Peterson, of Nelson, was the guest of Mr. and Mrs. G. B. Treat last weekend.

Alvin Wood, A. H. Young and Monte Stepp returned home Saturday night from a trip to the Cariboo.

Mr. and Mrs. Harry Carefoot, of Verdun, Man., returned to their home on Monday after spending two weeks with Mr. and Mrs. Bill Rhodes, of Bolquin.

A. MacGregor, of Kamloops, renewed old acquaintances in Sicamous on Tuesday, before returning to his home from a business trip to Revelstoke.

## LETTERS

"Back to the Bible Hour"

Editor, The Vernon News: Sir,

I would like to thank the person or persons responsible for securing time on CJTB from 8:30 to 9:30 a.m. each Sunday for the "Back to the Bible Hour" which commenced recently.

For those who are interested, I would like to mention that this broadcast originates in Calgary, Alta., and is directed by the Hon. Ernest Manning, Premier of Alberta. I believe it is well worth our time to listen to this broadcast not only as a spiritual help but also, that we might take notice of the fine Christian man who is at the head of the Social Credit movement in our neighboring province.

No wonder the people of Alberta are so proud of their government with leaders such as they have today! Thank you.

L. H. SHANTZ.

R. 2, Vernon, B.C.

## THE HOPE-PRINCETON HIGHWAY

**R**OAD OF ROMANCE, the story of which goes back to our very beginnings as an infant crown colony, when gold was found in the boundary country and in the then barely-known Kootenays.

Grandly scenic, splendidly constructed, a broad smooth ribbon laid down for the traffic not of today or tomorrow but for the vastly greater volume of years to come, it shortens the distance from the teeming cities of the coast to the Okanagan Valley by one hundred miles and the time by several hours.

HON. BYRON I. JOHNSON,  
Premier of British Columbia

HON. ERNEST C. CARSON,  
Minister of Public Works

HON. HERBERT ANSCOMB,  
Minister of Finance

HOPE

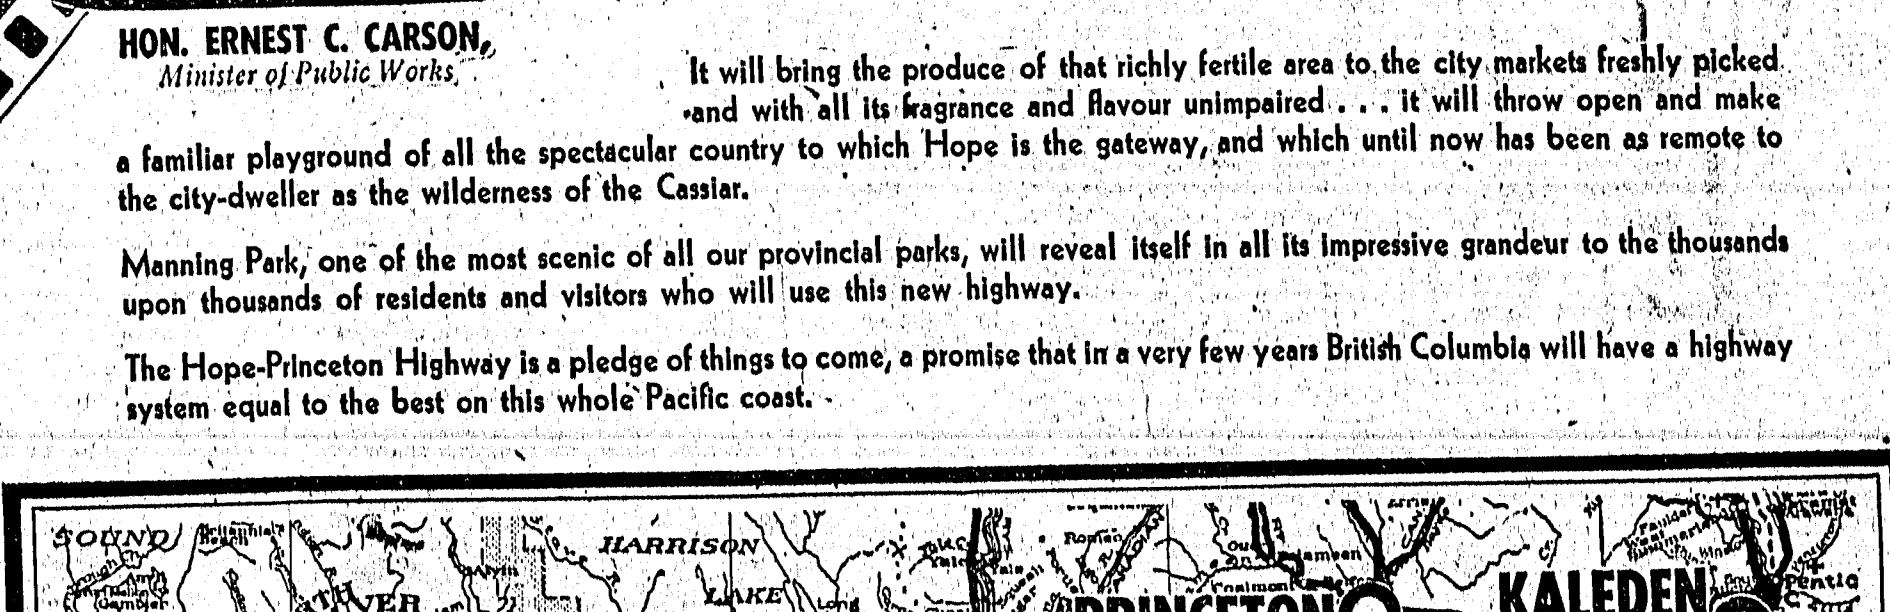

PRINCETON

It will bring the produce of that richly fertile area to the city markets freshly picked and with all its fragrance and flavour unimpaired... it will throw open and make a familiar playground of all the spectacular country to which Hope is the gateway, and which until now has been as remote to the city-dweller as the wilderness of the Cassiar.

Manning Park, one of the most scenic of all our provincial parks, will reveal itself in all its impressive grandeur to the thousands upon thousands of residents and visitors who will use this new highway.

The Hope-Princeton Highway is a pledge of things to come, a promise that in a very few years British Columbia will have a highway system equal to the best on this whole Pacific coast.

THE GOVERNMENT OF THE PROVINCE OF  
**BRITISH COLUMBIA**

### Coalition Well Into the Future

British Columbia's coalition government is likely to be in office for a good long time to come, judging from week end metropolitan press reports of Mr. Anscomb's remarks at the annual meeting of the B.C. Progressive Conservative Association in Vancouver.

The leader of the party in this province is reported to have stated, in what presumably was his usual blunt fashion, that the Conservatives will remain a partner in coalition only until the "threat" of communism and socialism is removed.

Communism is scarcely a threat. The noisy minority masquerading under the title of Labor Progressives have been pretty well cut down to their size, which is exceedingly small, in their only real sphere of influence, some of the larger trade unions at the Coast. There they have suffered real rebuffs by a membership at last thoroughly roused to their iniquitous tactics.

Frankly, we are unable to see socialism as advocated by the C.C.F., as a threat in the commonly accepted sense of that dire word. In our view, British Columbia simply is not ready for socialism, and, if we are wise enough in our choice of government, never will be. Similarly, we have profound doubts that the C.C.F. is as yet anything like in shape to form the kind of wise government referred to above.

The voters of British Columbia only last June placed their collective mark heavily on socialism, when the coalition was handsomely returned. From these results, some have inaccurately assumed that the C.C.F. is not only groggy on the ropes but unable to rise for the next bell. Rise the C.C.F. undoubtedly will. Socialism, though it took a terrific beating collectively, still accounted for almost one-third of the total provincial vote cast.

So Mr. Anscomb seems destined for partnership harness well into the foreseeable future.

### Vital Commercial Use

No similar accomplishment for many years has so captured the imagination of the people of British Columbia as has yesterday's opening of the Hope-Princeton highway.

The construction has been a dramatic project. There has been the battle with the elements to get the highway in shape for opening this year; the gigantic amount spent to build the road; the announcement that it will be this province's first direct east-west "all weather" highway to be kept open as are principal roads in the United States northwest; the linking of the rich and populous Coast with the giant agricultural areas of the Interior.

Yesterday's ceremony marks the culmination of a project almost a century old. The Hope-Princeton was known first as an Indian trail to the Fraser River from the Okanagan and Similkameen Valleys. Later it was used by fur traders to bring supplies up from the Columbia River to Northern British Columbia and to take furs to market. Men still living in the Okanagan packed in over this trail to form the first agriculturists of this valley.

The Hope-Princeton route therefore is a link from this valley's earliest beginnings, and today it is a principal artery and the only through route between the Interior and the Coast.

The road itself is magnificent, the equal in design and construction of any two-lane highway in the North American continent. Its cost is some \$12,000,000 or about \$12 for every man, woman, and child resident in the province. Additional revenues of large proportions are certain to accrue to the government. The increased gasoline tax alone should provide a respectable sum. If any large proportion of the people residing at the Coast could be persuaded to spend their holidays travelling over the Hope-Princeton and up to the Interior instead of pouring over the border to the U.S.A., the government would quickly recoup its outlay.

Important as are the recreational aspects of the Hope-Princeton, the commercial uses that should be made are vital to this valley. Canada's third largest city, Vancouver, with its surrounding densely populated districts, will be but a few hours run. Surely the Vancouver market, which has never been as receptive to Okanagan fruits and vegetables as its size would indicate it should be, will now provide a much bigger outlet for the products of the valley.

### Leave Here a Song

Leave here a song to swing upon the breeze;  
To scatter careless notes along the eaves  
And fall as softly down as when the maple  
Lays go of its first scarlet frost-touched leaves.

The ragged hills will draw too close together;  
The days will be too short, the nights too long;  
There will be just the chattering of sparrows  
If you fly south and leave no thread of song.

I shall need comfort in that aching whiteness;  
It will seem strange to have the air so still.  
Leave here a song—I know you would not miss it—  
To flutter in the snow upon the sill.

ABIGAIL CRESSON

sun drenched vegetables from the Okanagan should be poured over the Hope-Princeton in increasing volume.

The interest aroused in Vancouver by the Hope-Princeton is really remarkable. The visitor from the Okanagan is deluged with questions from every side and certain it is that hundreds and thousands who have never seen this valley will do so within the next few years. To capitalize on the opportunity thus presented should be a major job of every valley Board of Trade working in close co-operation.

### From the FILES of THE VERNON NEWS

Ten Years Ago—Thursday, November 2, 1929

Joe Harwood is recovering satisfactorily from the injury he received when he was knocked down by a car on Barnard Avenue at about 6 p.m. last Thursday—Sinking of the S.S. "Calumna" somewhere near the British Coast on Tuesday sent 25 cars of B.C. export apples to the bottom—Major M. V. McGuire was elected president of the Vernon Operative Society for the coming year—This Thursday can be marked up in red letters on the calendar of Lawrence Sieg, 18-year-old Vernon youth. For he is leaving for Portland, Oregon, having been called for a tryout by Bobby Rowe, owner and manager of the Portland Buckaroos, Pacific Coast hockey squad. The second anniversary of the occupation of the Vernon High School will be celebrated today—Bulmans Limited in this city on Wednesday morning concluded its program of prime canning for this season, having handled from 75 to 80 tons.

Twenty Years Ago—Thursday, October 31, 1919

Rev. Arthur Evans, of Vancouver, has come to Vernon to take over the ministerial duties at the first Baptist Church—J. W. McCuskey, who has been Forest Ranger in the Vernon district since 1914 has been promoted to the position of Forest Supervisor with headquarters at Penticton and left this city to take over his new duties on Thursday, October 24—United Church people in Vernon were especially heartened during the past week by a visit from the Moderator, Rev. W. T. Gunn, M.A., D.D., and by Rev. J. W. N. Netram, Indian orator and missionary—Some day, probably next week, when the sewage disposal works has been completed, the citizens of Vernon are to be invited to look over the plant and see the value they have secured for the \$20,000 expenditure—J. H. Woods, president of the Canadian Chamber of Commerce and manager of the Calgary Herald, will be in Vernon on Monday, November 18, to address a noonday meeting of the Board of Trade.

Thirty Years Ago—Thursday, November 6, 1910

The Assize Court which opened at the Court House, Vernon, on Tuesday, October 28, is still in session, comparatively slow progress having been made with the criminal trials. In the charge of manslaughter brought against Karl Wagner, a prisoner of war in the internment camp at Vernon, the jury gave a verdict of not guilty—The News is indebted to Mrs. R. J. Mutrie, of Guelph, Ont., for an account of the visit of the Prince of Wales to that city during which he gave evidence of his knowledge of the splendid record made by our Okanagan Battalion, the second C.M.R. "There was no finer battalion crossed the seas than that unit," he said—In recognition of the exceptional service rendered to the City by Mayor Shatford during the three years in which he has filled the mayor's chair, the Council on Monday night went unanimously on record in favor of granting him an honorarium of \$1,000 this year.

Forty Years Ago—Thursday, November 4, 1900

J. M. Robinson, Naramata, nominated, and Robert Michale of Penticton, seconded, the motion that Price Ellison be the Conservative candidate for the Okanagan. The election was occasioned by Mr. Ellison's elevation to the Cabinet as Commissioner of Lands. F. R. DeHart, of Kelowna, is Liberal standard bearer—Work has been commenced by the contractor R. Ford, on the new building which the Okanagan Telephone Co. is erecting for a central exchange, on Seventh Street just south of The Vernon News office—A. Rogers, of Vernon, was the captain of a civilian rifle shooting team which defeated a similar team from Armstrong in a recent rifle shoot. The Vernon team was composed of J. T. Mutrie, E. Megaw, J. Strout, J. W. Sutherland, H. R. Robertson, M. V. Allen, W. C. Pound, A. Rogers. The Armstrong team included Marshall, B. Wilson, McPherson, Norman, Peter, J. Wilson, Fleming, Wolfenden.

Fifty Years Ago—Thursday, November 2, 1889

C. B. L. Lefroy went in answer to the advertisement in The News, making application for the position of city clerk, collector and treasurer and offering to furnish satisfactory bonds—The City has purchased the house and land at the head of Kalamalka Lake known as the "Forester place"—W. C. Ricardo, manager of the Coldstream Ranch, left last week on a trip to Montreal, Ottawa, and Toronto—Seven cars of cattle were purchased this week by P. Burns and Company from O. Keefe and J. J. Tronson—Price Ellison urged the City Council to lay a four-inch pipe to the premises instead of a two-inch, as the latter would furnish him with no fire protection and the nearest hydrant on a four-inch pipe would be on the Barnard Avenue corner.

General McNaughton Greets Successor

General A. G. L. McNaughton (right), permanent representative to the United Nations from Canada, shakes hands with B. N. Rau, chairman of India's delegation to the U.N. at Flushing Meadows, New York. Gen. McNaughton, currently representing Canada on the Security Council, will be succeeded by Rau next year when India replaces Canada on the Council.

## Most Anything

By STUART FLEMING

A few years ago Vernon as a city placed a great deal of emphasis on its position as the hub of the Interior and the commercial centre of the Okanagan. In recent years this emphasis has been lost. Civic leaders in all fields seem to have overlooked one of Vernon's greatest selling points. True, it does turn up now and then but there is no longer a sustained play upon it. The truth of this contention is readily apparent to anyone here who does business outside the Okanagan. The matter has been brought home to me very strongly during the past two weeks. In that time I have had conversations with executives of three Canadian companies which conduct their business operations on a national scale. I was considerably disturbed to learn that these men look upon Kelowna as the real heart of the Okanagan, both geographically and commercially. I found that these men, some of whom were paying their first visit to the Valley, had a preconceived idea that they should look to Kelowna as the centre of distribution for their products because it was the point from which all the larger communities in the area could be reached most readily. This, of course, is an excellent thing for Kelowna and shows the success that city has had with its publicity campaigns. To me, as it must to any other citizen of Vernon whose prosperity is directly relative to Vernon's prosperity, the opinion came as an unpleasant surprise.

The fact is incontestable that Kelowna does lie at the geographical heart of the Okanagan Valley but, equally incontestable, Vernon lies at the geographical heart of a much larger populated area, than that which lies within the boundaries of the Valley. This city lies halfway between Kamloops and the border. Roads and railways leading to the area north of Vernon branch out from here to embrace a triangle which has Kamloops and Revelstoke as its base. Vernon is the logical centre for distribution to those communities beyond the Monashee in the northern section of the Kootenay region. And to the south, the heavily populated area between Vernon and Kelowna is a ready-made market for Vernon as a distribution centre. The opening of the Hope-Princeton Highway places Penticton in a similarly favored position.

All of this, of course, places Vernon in direct competition with Kelowna for the commercial prizes but that shouldn't be news to anyone anyway. Each community in the Okanagan is to some extent dependent on the prosperity of the other and wholly dependent on the prosperity of Canadian agriculture but so far as individual development is concerned each community is in business for itself. It must consider its own interests first and fight for them with every weapon at hand. Vernon has plenty of weapons but they are getting a little rusty through neglect.

There are still many possibilities of business expansion in Vernon which have been almost completely overlooked. Since the war a few enterprising men have provided commercial services here which once existed in Vancouver, New Westminster or Calgary only. The field, however, is not exhausted and I firmly believe that Vernon can secure those services with benefit to itself if it will take stock of all its possibilities and capitalize on them. Possibly much of this expansion can be undertaken by local businesses but where these opportunities lie beyond the scope of local development, outside interests should be encouraged to come here. We have lost several

opportunities await exploitation.

A few that occur to me would, perhaps, take this subject out of the realm of fancy into that of fact. For instance, if the legalization of margarine in Canada has dealt a blow to dairy farmers in the North Okanagan, why not manufacture margarine here? And why shouldn't the dairy farmers, through their co-operatives, set up the manufacturing plants to enter the field of margarine production? Here, possibly, is a way to retrieve some of their loss.

Tremendous sums of money leave this city every year in purchases through mail order houses. Is it not possible that the Okanagan's population is sufficiently heavy to justify the establishment of a mail order distributing house here? At least then salaries of employees and taxes on real estate would remain to sustain the community in which the purchases originate.

Is not the Interior's population great enough now to support a meat packing plant? And why shouldn't that meat packing plant be located in a central location such as Vernon's?

Two hundred thousand people, the approximate population of the greater Okanagan area, used a lot of shoes. Is it impossible to produce those shoes here? A meat packing plant would encourage greater beef production and the consequent increase in hides would surely tie in with shoe manufacture and the tremendous number of hides deriving from the Cariboo's cattle industry is not far away.

Is it not possible that there is an excellent opportunity for the wholesale distribution of hardware products in Vernon?

These are a few ideas only. There are many more. Perhaps not all of them are practised but how many of them have been seriously investigated with the possibility of making them an integral part of Vernon's economy. Many leading industrial experts have counselled that a number of small industries in a community is by far preferable to a single large industry. That can be and should be Vernon's field of opportunity, and I am absolutely convinced that much remains to be done here to realize on it. I don't know who should take the lead in matters of this kind, but certainly it is not the responsibility of any single organization. It calls for the combined efforts of the entire community and it also calls for an absolute faith in this city as the Okanagan's commercial centre. That faith was strong once but it has tended to dissipate. The time is ripe for a revival. Vernon has been the traditional leader of the Okanagan for over fifty years. The Okanagan is on the threshold of greater development than ever and Vernon simply cannot afford at this time to rest on its laurels.

Progress is a wonderful thing, but it forces people to stay awake when sleep is so much more inviting.

### Box Score

The major achievements of the session of Congress, which has just closed, were in the field of foreign policy. Largely by votes which united most members of both parties and both Houses, the Congress endorsed the North Atlantic Pact, extended arms aid to Western Europe and other danger areas, voted large funds for atomic energy research, renewed the reciprocal trade agreements act without crippling amendments, and supported the essential principles of the Marshall Plan.

BUY A POPPY

## Do You Know That . . . ?

1. All poppies and wreaths distributed in the Poppy Campaign are manufactured by DISABLED EX-SERVICEMEN in the "Vetera" Shops, or, in some instances, by disabled veterans and their dependents in their own homes, under the Department of Veterans Affairs.
2. The custom of wearing the poppy as the "Flower of Remembrance" has continued in Canada since 1923.
3. The Canadian Legion undertakes the annual distribution and sale of the Poppies and Wreaths throughout the Dominion.
4. The national distribution is carried on through the medium of the Canadian Legion's Dominion and Provincial Command, and its more than 2000 branches who are charged with the duty to see that, so far as possible, the message of the Poppy is carried to all sections, classes and communities in Canada.
5. The prices charged by the Dominion Command of the Legion are based on cost, plus the necessary expense entailed in national distribution, plus a modest mark up.
6. ALL PROFITS REALIZED FROM THE SALE OF POPPIES ARE APPLIED BY THE CANADIAN LEGION TO MAINTAIN AND INCREASE THE BENEFITS OF NEEDY EX-SERVICE MEN AND WOMEN WHO SERVED IN EITHER GREAT WAR, WHETHER THEY ARE MEMBERS OF THE LEGION OR NOT.
7. The entire proceeds contributed by the public in this area, less the cost of the Poppies, is retained by the local legion branch for relief or other essential assistance to deserving ex-service men and women.

**Dr. M. F. McCutcheon**  
Who, as president of the Baptist  
Federation of Canada, will ad-  
dress a public meeting in Kel-  
owna tomorrow, Friday. Several  
members of the First Baptist  
congregation in Vernon are  
planning to attend. Dr. Mc-  
Cutcheon is making a brief tour  
of Western Canada.

### Bill Lowe President Of Anglican A.Y.P.A.

At a meeting of All Saints'  
Church A.Y.P.A., held on Thursday  
night of last week, Bill Lowe was  
elected president; Miss Lil Sugars,  
vice-president; Miss June Batche-  
lor, secretary, and Phil Walker,  
treasurer.  
At the A.Y.P.A. meeting, to be  
held tonight, Thursday, in the Par-  
ish Hall, E. McGowan, Probation  
Officer, of Vernon, will be the guest  
speaker. Mr. McGowan's address  
will be followed by a debate on the  
current question of crime comics  
being allowed for public sale. Re-  
freshments will be served at the  
close of the meeting, which opens  
at 8:15 p.m.

### Young Church Members Form Hobby Group of Deep Creek

DEEP CREEK, Nov. 1.—Rev. C.  
MacKenzie, of Enderby, held  
regular church service in the Deep  
Creek hall on October 23.  
Mr. MacKenzie was chairman at  
the showing of films in the hall  
on Tuesday evening of last week.  
Before the pictures, he had a young  
people's meeting. Their intention  
is to work on leather and wood-  
craft. Both activities were well at-  
tended.

The witch hazel is not a hazel  
tree at all, but a shrub, and the  
word "witch" is a corruption of  
"wych" and so-called because its  
leaves looked like those of wych  
plants.

## Bible is Printed in 1,100 Languages; Society Plans Expansion Campaign in B.C.

—H. E. McCall Heads Vernon Branch

Films portraying the sacrifice involved in producing the Bible  
and making it available in nearly 1,100 languages, were shown on Sun-  
day night in the United Church Hall by Rev. J. A. Raymond Tingley,  
of Vancouver, secretary for British Columbia of the British and Foreign  
Bible Society.

Through the sound pictures, Mr. Tingley told the story of the  
Bible Society's work of translating, publishing and distributing the  
Scriptures.

Although the Bible has been pub-  
lished in the languages of nine-  
tenths of the people of the world,  
only one-tenth of the population  
has the Bible, Mr. Tingley declared.

This presents to Christian people  
a "compelling challenge" to support  
the work of the Society, which has  
as its purpose the providing of the  
Christian message to every man in  
his own tongue, Mr. Tingley said.

The feature film, "The Book for  
the World of Tomorrow," revealed  
the essential part which the Bible  
Society is playing in the world-  
wide missionary enterprise of all  
of the churches. The speaker em-  
phasized that never has there been  
such a universal call for Bibles,  
and never was there a time when  
its message was so urgent.

Also shown were films depicting  
the making of a Bible, and the  
work of the Bible House in Van-  
couver, which seeks to provide the  
province with the best in Scriptures  
in all languages, Christian litera-  
ture and Sunday School supplies  
for all departments.

Mr. Tingley stated that the  
B.C. Auxiliary of the Bible So-  
ciety has launched a forward  
movement to encourage regular  
Bible reading; to publicize the  
work of the Society; enroll 2-  
000 members; secure 50 life  
members through individual  
gifts of \$50 or more; organize  
five new branches; increase  
branch contributions 25 percent,  
and raise a provincial goal of  
\$25,000.

Mr. Tingley urged the Vernon  
branch to assist in these objectives.  
The widely attended meeting,  
held under the auspices of the lo-  
cal branch, was conducted by Rev.  
Gerald W. Payne. Rev. L. A. C.  
Smith, president of the Ministerial  
Association, spoke briefly, and closed  
the meeting with prayer.

H. E. McCall was elected pre-  
sident of the Vernon branch,  
succeeding Salvation Army Ma-  
jor George Crewe. C. McClelline  
was re-elected secretary, and  
Sam Stickle treasurer.  
Each local church has been asked  
to appoint a representative on the  
executive. Among these appointees  
are Mrs. E. Burkholder and Mrs. H.  
Cruse. The ministers are vice-  
presidents.

On Sunday morning, Mr. Tingley  
was guest preacher at All Saints  
Church, and in the evening at the  
First Baptist Church. On Saturday  
he was the speaker at a special  
service at the Seventh-day Advent-  
ist Church.

### Good Weather Favors Construction of New Church at Winfield

WINFIELD, Nov. 1.—Rapid pro-  
gress is being made on the new  
United Church. The roof has been  
shingled, doors and windows will  
be installed this week, and a con-  
crete floor laid in the basement.  
With the continuation of good  
weather, the building should be far  
enough advanced to hold services  
in the Sunday School room in the  
near future.

The official Board of the United  
Church will meet at the home of  
Mr. and Mrs. G. Edmunds on Tues-  
day at 8 p.m. to make plans for  
the "Week of Renewal" services  
leading up to the celebration of the  
25th anniversary of the United  
Church of Canada, which occurs  
early in 1950.

### Nazarene Congregation at Armstrong Honors Pastor

ARMSTRONG, Nov. 1.—Rev. A.  
Williams, pastor of the Church of  
the Nazarene, and Mrs. Williams,  
newcomers to Armstrong, were hon-  
ored on Thursday evening of last  
week by church members at a sur-  
prise welcome party, held at the  
home of Mr. and Mrs. H. DeFehr.  
A large, decorated box, filled with  
groceries, was presented to the  
honorees, who suitably acknowl-  
edged the gift. Games were played,  
and refreshments served.

### Lavington News Items

There was quite a barrage in the  
Lavington hills on Sunday, but ac-  
cording to reports most of the elu-  
sive pheasants are still at large  
and few limit "bags" were taken.  
Some local hunters are contempla-  
ting the trip to the Cariboo country  
in the near future.  
Miss Mary Jackson has again  
undertaken the task of selling pop-  
pers for Remembrance Day.  
The warm weather during the  
past few weeks has facilitated the  
harvesting of the potato crop.  
A large number of Lavington resi-  
dents attended the show, "Skat-  
ing Reminiscences of 1950," in the  
Vernon Civic Arena on Friday and  
Saturday.  
A papyrus handbill, discovered at  
Thebes, offered a reward for a run-  
away slave 3,000 years ago.

### Adventists Rap Sensationalism

"Calamity howler," a term once  
mockingly applied to ministers who  
preach about the end of the world,  
can now be more aptly given to  
news commentators and men of  
affairs in the world who are pre-  
dicting the imminent and sudden  
destruction of all things, stated  
Elder Bauer, Sabbath school and  
home missionary secretary of the  
British Columbia Conference of  
Seventh-day Adventists, in his ser-  
mon in the Adventist Church here  
Saturday. Substantiating his claim  
by statements from several promi-  
nent men including H. G. Wells  
and Robert Hutchings, he warned  
his hearers that things could not  
continue as they were and urged  
them to prepare their lives "for the  
coming of the Prince of Peace."

The translation of the Bible into  
1,080 languages and dialects is en-  
abling missionaries to carry its gos-  
pel to increasing numbers of lo-  
calities that have previously been  
untouched, was a thought presented  
by Rev. T. A. Raymond Tingley,  
British Columbia secretary of the  
British and Foreign Bible Society,  
in his address in the Seventh-day  
Adventist Church Saturday after-  
noon.

A famine relief offering was taken  
at the morning service for the  
aid of the destitute in Europe.  
The Dorcas Welfare Society is  
planning a supper and sale of work  
for November 22 in Burns Hall, to  
raise money for the hospital fur-  
nishing fund.

Leather-soled sandals were a  
priceless luxury in ancient Egypt

### Unusual Film to Be Presented by Salvation Army

Tonight, Thursday, an histori-  
cal pageant of harvest, in the  
form of a 45-minute sound film  
in color, will be presented in the  
Salvation Army Citadel at 8  
o'clock.

The title of the presentation is  
"God Is My Lord." The film is the  
inside story of the growth of one cubic  
inch of wheat to 72,150 bushels. It  
represents the complete cycle of  
harvesting machinery as it has  
been developed through the cen-  
turies from Bible times.

To make the film, wheat was  
cut, threshed, milled, flown 100  
miles by helicopter, baked and  
eaten, all in one afternoon. It  
is said to be the first time in  
history that wheat passed  
through all these processes so  
rapidly.

The movie illustrates commu-  
nity co-operation which brought  
many faiths and creeds together  
in a great Christian project.

### Holstein Club Holds Banquet

ARMSTRONG, Nov. 1.—The  
North Okanagan Holstein Breeders'  
Club held a banquet on Thursday  
of last week at 7 p.m. in the dining  
room of the Armstrong Hotel with  
an attendance of approximately 50,  
including guests.

In the absence of the president,  
E. Brown, R. Whipple presided.  
W. C. Cameron, of Vernon, G.  
Muirhead, district agriculturist, and  
Joseph Mullen, manager of the  
Armstrong Cheese Co-operative  
Association, were introduced and  
each gave a brief address. The  
"ever-growing interest" in the Hol-  
stein breed was particularly  
stressed.

Rev. A. R. Lett, of Lumby, who  
was to have shown colored films,  
was unable to attend. In place of  
this, Mr. Muirhead and Mr. Cam-  
eron presented movies they had  
brought along.

Bear cubs are usually born while  
the mother is in winter hiberna-  
tion.

### Bicentenary of Hymn Kept

In Britain recently there was  
celebrated the bicentenary of the  
composer of one of the best-loved  
hymns in the English-speaking  
world—Isaac Watts, author of "O  
God, Our Help in Ages Past."

### CHEQUING ACCOUNTS

"Do Not Keep a Dog and Bark  
Yourself." We're all agreed on the  
wisdom of this proverb. Do not  
keep a Bank Account and pay your  
bills in cash, is just as true. Pay  
your bills with Bank of Montreal  
cheques. Save yourself time and  
trouble, while you keep a water-  
tight check on your expenditure.

## FALL - Clearance Sale

CONTINUES FOR NEXT  
FEW DAYS . . .

## Province Hails Opening of Hope-Princeton Route

### New Highway Gateway to Beautiful, Natural Park

Situated at the mountain divide on the new Hope-Princeton Highway and roughly equidistant from both points, lies Ernest C. Manning Park. This pristine wilderness of lakes, rivers, alpine meadows and rugged mountain peaks, covers an area of 171,500 acres and offers visitor miles of natural grandeur and beauty together with outdoor recreation at its very best.

Ernest C. Manning Park was established as a Class 'A' Provincial Park in 1941 in memory of the late Ernest C. Manning, British Columbia's first premier.

On the opening of the new Hope-Princeton road, tourist officials estimate 20,000 cars per year will pass through this scenic wonderland, carrying at least 70,000 people, of whom 40 percent will be coming from outside the province.

The highway, beginning at the western boundary of the park, winds through the very heart of the park on its way to the eastern gateway at Princeton.

General Public Under the jurisdiction of the British Columbia Forest Service, Manning Park is being developed as an attraction for persons of all ages. By the end of the year a concession building will be completed on the high-peak Lightning Lakes—key to the many trails and camps.

Other buildings for accommodation will be erected as further development takes place. There are four main zones of attraction—the Three Brothers Mountains, Lightning Lakes, Skyline and the Similkameen River.

Dominating feature of this Alpine playground is the Three Brothers Mountain. It rises to 7,435 feet above sea level, yet horses can be ridden to within a few feet of the top.

The Skyline Trail on the route to Lightning Lakes leads around hillsides and through valleys of spruce, cottonwood and fir. It winds its way around mountain high ridges to give the traveller an unexcelled view of hundreds of miles of mountain scenery with alpine meadows falling away on either side.

Fisherman's Paradise Twenty-minute Lake, the first of four located on Lightning Creek, is a fisherman's paradise, as are Strike, Flash, and Thunder farther up the creek. The Similkameen and Skagit rivers and their tributaries also provide excellent sport for the most ardent fisherman.

Game abounds throughout the park. It is the only place in Canada where mountain beaver have been found. This animal has a shorter tail and smaller feet than the Canadian beaver.

Deer, black bear and grizzlies are also common big game for the hunter's camera. The hunters with guns must look elsewhere as the whole area was established as a game reserve in 1936.

**Gate Opened to Great Interior of British Columbia**  
When Premier Byron L. Johnson officially opened the Hope-Princeton link of the Southern Trans-Provincial Highway at 2 p.m. yesterday, Wednesday, the ceremony took the form of opening a gate to the great Interior of the province. Premier Johnson, with a suitably engraved key, unlocked the golden gate which permitted motorists free passage over the highway.

The above scenes, taken along the magnificent new stretch of road, show what the thousands of tourists, expected to stream over the highway next spring and summer, will see. Scenery along the new route is described as being among the most magnificent in the whole province. The opening of the Hope-Princeton is expected to give tremendous impetus to progress in the Okanagan Valley.

### Westwold Board of Trade Film Shows Prove Popular

WESTWOLD, Oct. 31.—The Board of Trade film show last week was fairly well attended and well received. About 80 persons showed approval of the Board's effort. The pictures were mainly educational, but of general interest. This week's showing was held last night, Wednesday, the change in date owing to the fact the hall was in use for the W.I. Halloween party on Monday night.

The busiest place in Westwold lecture to be given in the hall on November 12 at 8 p.m.

The W.A. is planning an afternoon tea and sale for November 11. A number of shops and garages have been moved back along the new highway. The high fill through Westwold makes a fairly long approach necessary.

The Westwold Dramatic Club is presenting its three-act play, "Deacon Dubbs" in the Westwold Community Hall on Saturday at 8:30 p.m. This play was well received last year and should be tops in entertainment for this season.

Proceeds from the show will go to build and equip a separate addition to the south end of the hall to contain a permanent stage and dressing rooms.

One night presentations of the same play are to be given in the Winfield Hall on November 12 and in the Armstrong Hall on November 18.

See Barbara Ann Quite a few Westwold people attended the Barbara Ann Scott skating show in Kamloops and Vernon this week. They all acclaimed Barbara's performance.

The Board of Trade will present Anton R. Lendl in an illustrated

### Overheated Hot Plate Starts \$20,000 Blaze

FENTINGTON.—Damage estimated at \$20,000 was caused in the Fentington Masonic building early Saturday morning, October 22, when a fire broke out in the front of the building on the second story.

The fire may have started by an overheated hot plate around 2 a.m. Saturday morning. It was thought the hot plate in an upstairs kitchen had been left on the evening before, and heat was built up until a table on which it was standing burst into flames.

### HISTORIC MEDICAL HIGHLIGHTS—No. 26

### BLITZ ON BUGS

DDT is a household term today—but it took over fifty years for it to get that way! Its formula was worked out originally by a German student named Zeldler in 1874, but he did nothing with it other than record it. It took the second World War, a crop crisis and Swiss chemist Paul Mueller to bring DDT to light again and into use as an insecticide. Mueller's rediscovery saved Swiss crops... and many lives, indirectly, for DDT was extensively used in combating insect-borne diseases during the war.

It takes a long time to "make a name"—yet one can be lost almost overnight. That is why we're so careful in everything we do for you to make sure our high standards of purity, quality and service are continuously maintained.

### The Vernon Drug Co. Ltd.

Next to Post Office Phone No. 1 Vernon, B.C.

### EVERYBODY'S BUSINESS

I'd be happy if I could just be my biggest problems, and a neighbor of mine the day. There was a man who believed his whole life was spoiled because he had troubles. Happiness was not for him. How wrong he was! Life is full of difficulties, trials, disappointments and problems. Coldest people have found that they can find happiness in spite of these unusual handicaps. Indeed, the best of them have also learned to overcome hardships and get right out of wrong is in itself a source of great satisfaction. Your work, for instance, may be far from your ideal. But don't let that fact depress you or mar all the other satisfactions that life can bring. There is no "ideal job". So make the best of whatever is set before you.

No, life is not easy. It seldom hands us happiness ready-made. But from its raw materials, we can build a lot of happiness by our own efforts.

Is there an "ideal method" of meeting people's needs for life insurance? Experience has proved that the efficient service of competing companies, together with the helpful personal attention of their agents, meets everyone's needs most satisfactorily.

### Night Classes in Kelowna

KELOWNA.—Adult night classes, welcomed by scores since they were inaugurated a few years back, will start again next month, board of trustees of Kelowna School District 23 have advised.

### Produce of Fertile Okanagan Will Be Speeded to Ready Coast Mart

With the official opening yesterday, Wednesday, of the magnificent all-weather 83-mile paved Hope-Princeton Highway to vehicular traffic, another link has been forged in the present network of fine highways which stretch across the broad expanse of British Columbia.

The story of the Hope-Princeton Highway goes back to B.C.'s very beginnings, as an infant Crown Colony, when gold was found in the Boundary country at Rock Creek and in the little-known Kootenay region.

Grandly scenic, splendidly constructed, a broad smooth ribbon laid down for the traffic not of today but for the vastly greater volume of years to come, the new route shortens the distance from the teeming cities of the Coast to the Okanagan Valley by 100 miles and the time by many hours.

The produce of the richly fertile Okanagan area to the city markets freshly picked and packed will be sent.

Familiar Playground The highway will throw open

### Fur Brigade Trails Were Start of Hope-Princeton

People driving over the Hope-Princeton Highway are travelling back into history over the approximate route of the Hudson's Bay brigade trails discovered by Alexander Caulfield Anderson in 1848. By this route the wealth of trade goods and furs was carried between Fort Langley and the then little known Interior.

Probably no individual played a more active part in blazing the crude trails which have been instrumental in the building of this modern highway of today than Alexander Caulfield Anderson of the Hudson's Bay Company.

The Hope-Princeton Highway has opened up a vast new scenic wonderland and brought it within a leisurely four-hour drive from the teeming Coast centres.

### "Hope, Hope, Hope it's GRO-PUP"

## Young Canadian Artists Appear In Recital Here

Two promising Canadian artists are coming to Vernon on Tuesday, under the auspices of the Vernon branch, Registered Music Teachers of B.C.

Monica Engle, pianist, and James Lamond, tenor, will present a concert in the High School Library at 8 p.m. Tuesday.

Monica Engle comes from Calgary. Last year at the Provincial Musical Festival, she was the winner of the Bach open competition for pianist under 17 years, and the Hamilton Memorial \$100 scholarship. This year, at the same festival, she won other trophies and awards. Among her outstanding recital performances was her appearance as piano recitalist for the Calgary Women's Musical Club.

Mr. Lamond is a promising young tenor, with a bright musical career before him, according to Stanley Roper, adjudicator of the Alberta Musical Festival. He is a seasoned festival winner, with various trophies and association and memorial scholarships to his credit. He is soloist at the Wesley United Church, Calgary.

## For the Bride

Miss Lorraine LeDuc, who was married on October 29, was honored by Mrs. J. D. Glaicar, of Armstrong, recently at a linen shower at her home, when about 20 friends attended. The room was decorated in pastel shades. Various amusing games and contests preceded the feature of the evening, which was the presentation by the hostess of a "cedar" chest containing household linens.

Providing entertainment were Miss Shirley Field and Miss Gwen Schubert. Dainty refreshments were served by Mrs. Glaicar, assisted by Mrs. Field, Mrs. Hay and Miss L. Mellish.

## Legion L.A. Honors Member

Routine business was transacted at the bi-monthly meeting of the Ladies' Auxiliary to the Canadian Legion, held on October 25. Last minute details of the Poppy Day campaign for Saturday were ironed out.

Refreshments were served, honoring Mrs. Ben Baker, who was celebrating her 83rd birthday.

The Empress Taki of China was born in 1200 with club feet. So that she would suffer no embarrassment an edict decreed that all ladies of the court must have feet as small as the Empress.

## "Barbara Ann Will Always Give Her Best to Canada"

"It is not the game but the way you play it. It is not life that matters, it is what you bring to it."

This is the philosophy of Mrs. Clyde Scott, one of Canada's most famous women and mother of the even more famous Barbara Ann Scott, world and Olympic figure skating champion.

Discussing her talented daughter, Mrs. Scott said "Barbara Ann won the world's skating championship twice, so it was not by accident. I think she has a great deal to give to Canada, sick or well."

"B.A.'s" health is the first consideration of Mrs. Scott. "I try to look after her health but not once on this tour has she rested in the afternoon," said Barbara's mother in an interview on Saturday morning.

Being the world's champion woman figure skater is no "bed of roses." Said Mrs. Scott: "You know, this skating requires constant practice. Did you ever think that a skater never sees herself in action?"

Barbara, meanwhile, was just up and was getting dressed for the day. Asked whether show business bothered her, she replied: "If I worried, I would not live long. But it is this little chap. He does not like the switch-over from his regular meal time."

The "little chap" was Barbara Ann's black French poodle, Sambo, whose diet is hamburger and scrambled eggs. Sambo was being readied for his morning stroll.

"When I went to have my bath this morning, the rascal made himself a bed in my fur coat!" When Mrs. Scott gave her daughter a reproving look, and said, "Now, Barbara," her daughter admitted: "Of course, I shouldn't have left my suitcase open."

Favors Pale Blue  
"My favorite color is pale blue," said Barbara. She was, however, dressed in a pale grey suit with pencil-slim skirt, a white blouse with a round neck, and a string of pearls.

While Barbara took Sambo for his constitutional, Mrs. Scott chatted about herself and her famous daughter. She travels everywhere with her looking after her costumes, pressing them, keeping them fresh. Mrs. Scott denied that the costumes cost the much-publicized "thousands of dollars."

"The cost of them all did not exceed \$5,000," she said.

Barbara's hobbies are swimming, horses, sailing, skiing and golfing. She flies a plane, "all when she has time. She has a great capacity for fun, but no opportunity."

Mrs. Scott said Barbara's career started at seven. She wanted skates long before she got them at this age. She started her career at Toronto's Minto Skating Club.

That Barbara would not have got so far without her mother became more evident as the interview continued. Mrs. Scott said that she paid their way, bought costumes, and paid for all accommodation while in Europe.

Ernest Man  
Meanwhile, Barbara and Sambo came tripping in. "I love this place. I just met the sweetest man, who said he enjoyed my show last night," she said.

Mrs. Scott is quiet and poised. Her hair is neatly done, she wears clear nail polish, and little make-up. Barbara's father, Col. Clyde Scott, was a veteran of World War One, and died a few years ago.

## Prominent Churchwoman is Honored at "Donation Tea"

All Saints' Church Women's Auxiliary annual "Donation Tea," held on Friday afternoon in the Parish Hall was a double social function for church members this year. The occasion was also the birthday of Mrs. W. B. Parrott, who was honored by the presentation of a bouquet and corsage. She cut a large, decorated birthday cake.

Mrs. H. deBeck, W.A. president, greeted the numerous visitors. Rev. L. A. C. Smith played the piano during the tea hours.

The table was laid with a lace cloth, centred with a low bowl of white chrysanthemums and pink cosmos. Presiding at the urns were Mrs. J. F. McQuig, Mrs. L. R. H. Nash, Mrs. E. J. Williams and Mrs. Ernest Bartlett.

Mr. Smith extended best wishes on behalf of the assembly and the parish, to Mrs. Parrott. Mrs. deBeck presented her with the bouquet, and Miss Elizabeth Ellison pinned a corsage of violets and white chrysanthemums on the honoree, who then cut the birthday cake, made and donated by Mrs. Canon Wright. This was set up on a separate table, flanked by burning yellow candles.

The donation tea is the only money making project sponsored by the Auxiliary during the year, and proceeds go to buy materials for clothing child inmates of Indian schools. Approximately \$45 was raised during the afternoon.

Other monies raised by the W.A. are freewill offerings only.

Assisting Mrs. Nelson in the day's arrangements are Mrs. T. W. F. McNair, Mrs. B. A. MacLeod, Mrs. T. Schubert and Mrs. J. Carpenter.

In the evening, Legionnaires will take over poppy sales.

## Canadian Club To Hear Address On Switzerland

A glimpse into Switzerland through the medium of an illustrated address by Anton R. Lendi, celebrated Swiss lecturer and traveler, will form the basis of the Vernon Women's Canadian Club next meeting on Thursday, November 10 at 3 p.m. in Burns Hall.

The subject of Mr. Lendi's address is "Pattern for Peace," the inspiring story of the world's oldest democracy.

Lantern slides will portray Switzerland, country of beauty and contrasts with its Alpine wonderland and time-honored customs.

Mr. Lendi will give an address to the Vernon Ski Club that evening.

## Vernon Artist Wins Edmonton Mural Contest

Word reached Mr. and Mrs. Morrice S. Middleton, of Oyama, this week, that their daughter, Mrs. Janet Middleton Blench, has won further honors in the field of art.

She is winner of the mural competition for the Canadian Institute Building in Edmonton. Her mural has been chosen as the best in open competition, from other entries. It will hang permanently in that building.

This brings to two, the buildings in which Mrs. Blench has pictures hung permanently. The other is St. George's Anglican Church, Edmonton, for which she painted two panels.

Mrs. Blench is with the Extension Department, University of Alberta, in Edmonton, giving instruction in various forms of art.

The wool of cotton slipender dresses with "extra" washable blouses are sensible little frocks for the young miss. She may have the same skirt and consequently always be "nice" and fresh and clean.

It is wise to keep washable blanket covers on the children's beds to avoid that winter laundering or else half-soiled blankets. They may be washed several times and the blanket will still remain clean.

## Wear a Poppy On Saturday

Mrs. A. S. Nelson, president of the Ladies' Auxiliary to the Vernon Legion branch, is convener of Vernon's Poppy Day on Saturday.

The appeal to buy a poppy will be duplicated in every city and community in Canada, but all funds raised locally will remain here for the alleviation of hardship among war veterans and their dependents.

During the daylight hours Saturday, members of the Ladies' Auxiliary to the Legion, assisted by other Vernon women's organizations, the Girl Guides and C.G.I.T., will appeal to citizens to wear a poppy for remembrance. On nine of the principal street corners taggers will sell the scarlet flowers from red, white and blue trimmed baskets.

Assisting Mrs. Nelson in the day's arrangements are Mrs. T. W. F. McNair, Mrs. B. A. MacLeod, Mrs. T. Schubert and Mrs. J. Carpenter.

In the evening, Legionnaires will take over poppy sales.

When Elinor Urquhart, twin daughter of Mr. and Mrs. E. Cail, Knob Hill district, and Ernest J. C. Henderson, son of Mrs. William Henderson, Sr., and the late Mr. Henderson, were joined in marriage by Rev. F. E. Runnals on October 21, two well known families were united. Miss Evelyn Cail was her sister's bridesmaid, and Douglas Norman was groomsmen. Only immediate relatives of the couple witnessed the ceremony.

Mr. and Mrs. Henderson will reside in Armstrong.

Wedding Vows Pledged by Popular Armstrong Couple

## YUMMY Honey Pecan Buns

### Recipe

Measure into bowl, 1/2 c. lukewarm water, 1 tsp. granulated sugar, stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 min. THEN stir well. Scald 1/2 c. milk and stir in 1/2 c. granulated sugar, 1/2 tsp. salt, 3 tbs. shortening, oil is lukewarm. Add to yeast mixture and combine 1/2 c. brown sugar (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. Roll each piece into oblong 1 1/2" thick and 12" long; brush with melted butter or margarine. Sprinkle with a mixture of 1/2 c. brown sugar (lightly processed down), 1/2 c. chopped pecans (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. Roll each piece into oblong 1 1/2" thick and 12" long; brush with melted butter or margarine. Sprinkle with a mixture of 1/2 c. brown sugar (lightly processed down), 1/2 c. chopped pecans (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. Roll each piece into oblong 1 1/2" thick and 12" long; brush with melted butter or margarine. Sprinkle with a mixture of 1/2 c. brown sugar (lightly processed down), 1/2 c. chopped pecans (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. Roll each piece into oblong 1 1/2" thick and 12" long; brush with melted butter or margarine. Sprinkle with a mixture of 1/2 c. brown sugar (lightly processed down), 1/2 c. chopped pecans (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. Roll each piece into oblong 1 1/2" thick and 12" long; brush with melted butter or margarine. Sprinkle with a mixture of 1/2 c. brown sugar (lightly processed down), 1/2 c. chopped pecans (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. Roll each piece into oblong 1 1/2" thick and 12" long; brush with melted butter or margarine. Sprinkle with a mixture of 1/2 c. brown sugar (lightly processed down), 1/2 c. chopped pecans (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. Roll each piece into oblong 1 1/2" thick and 12" long; brush with melted butter or margarine. Sprinkle with a mixture of 1/2 c. brown sugar (lightly processed down), 1/2 c. chopped pecans (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. Roll each piece into oblong 1 1/2" thick and 12" long; brush with melted butter or margarine. Sprinkle with a mixture of 1/2 c. brown sugar (lightly processed down), 1/2 c. chopped pecans (lightly processed down), 1/2 c. liquid honey, 1 the butter or margarine, melted; drop evenly into 24 greased large muffin pans; drop 2 pecan halves into each mixture into 2 equal portions; form into smooth balls. # Barbara Brent's BUYS AND WHYS

A WEEKLY INFORMATION SERVICE

**MONTREAL**—There's something about a steaming bowl of savoury soup to make office-tired husbands sit up and take notice at dinner time! That's why HEINZ CONDENSED SOUPS are so popular with so many wives, who like to delight their husbands! For ALL of Heinz Soups are savoury to the last sip—so when you serve them—Cream of Tomato, Vegetable, Chicken Noodle—better make the serving extra large! And did you know?—dreaded leaves, casserole! Simply write to me—Barbara Brent, 1311 St. St., Montreal, P.Q.—for your free copy of "57 Ways to Use Condensed Soups!"

**Shopping "Around"** I've noticed recently how good restaurants everywhere are featuring tasty afternoon tea specials. Here's my tip: When next you're out, drop in for a refreshing cup of afternoon tea with say—assorted finger sandwiches or—toasties, muffins or—Danish pastries. Whether I'm alone or with company I do enjoy this friendly custom after the movies or after shopping! Most restaurants take special pains to do this. They warm the pot, use furiously boiling water and good tea. But, just as at home, make sure the tea brews a full five minutes for full enjoyable flavour.

**Deserts** Creamy, full of real old-fashioned flavour as easy as a breeze to make? JELL-O PUDDINGS, of course! I'll cheer any time, all the time for these wonderfully delectable puddings—all seven of them. Mellow, buttery Caramel Pudding, deep-down rich—chocolate, delicate-flavour—milk Jell-O Puddings... these delightful Jell-O Tapioca Puddings—Vanilla, Chocolate, Orange Coconut, I can't say my favorite—I love them and to think they take but minutes to make! Plan to nourishing Jell-O Puddings family often. They'll love you will your budget!

**Praise and lots of it...** for the gal who serves this Feather Spice Delicate, fine-textured, so moist and tender—BREAD made with SWANS DOWN CAKE FLOUR. Flour, you know, that's sifted again and again as fine as ordinary flour. FEATHER SPICE CAKE

**Feather Spice Cake**

1/2 cup butter or other shortening  
1 cup sugar  
2 eggs, unbeaten  
1/3 cup molasses  
1 cup milk  
3 cups flour  
1 tsp. salt  
1 tsp. baking powder  
1 tsp. soda  
1/2 tsp. cream of tartar  
1/2 tsp. vanilla  
1/2 tsp. almond  
1/2 tsp. orange  
1/2 tsp. lemon  
1/2 tsp. lime  
1/2 tsp. cherry  
1/2 tsp. raspberry  
1/2 tsp. strawberry  
1/2 tsp. peach  
1/2 tsp. apple  
1/2 tsp. plum  
1/2 tsp. cherry  
1/2 tsp. raspberry  
1/2 tsp. strawberry  
1/2 tsp. peach  
1/2 tsp. apple  
1/2 tsp. plum

**Acay From It All** with your husband is a grand idea. But with a growing family, it's sometimes difficult to arrange, isn't it? Best way I know to make this dream of a "Second Honeymoon" come true is to begin saving for it now. Open a "Sunshine Account" at the BANK OF MONTREAL... to send the youngsters to camp after each addition until smooth. Bake in two greased 9-inch pans in moderate oven (375 deg. F.) about 25 to 30 minutes.

**Time the Thief**

Time is the thief of the first meal of the day. Probably one of the main reasons for slighting this important meal is the lack of time. Of course, there should be a definite rising time for each member of the family, so that breakfast can be eaten leisurely.

Calling on Mrs. Claude Scott and her famous daughter, Barbara Ann, on Saturday morning, I found them "breakfasting" on a glass of orange juice, and that's all. Perhaps Canadian skating champions are made that way, but I don't think so. The orange juice just becomes part and parcel of "... This show business," quoting Barbara Ann as she rushed out with her French poodle, Sambo, for his morning exercise.

Breakfast is important for everyone, but is of special significance for school children, to help provide all the material needed for good growth and alertness for their work. Surveys among school children have shown that only about a third of them have adequate breakfasts, the rest have poor breakfasts, or no breakfast at all. Surveys of adults show an equally grim picture.

It could be argued that our pioneers were literally the survival of the fittest. There was nothing the matter with their strength or endurance. Many of them have lived to an unbelievable, and well-deserved old age. Their breakfast? Porridge, made the night before, on the fuel stove. No packaged cereals in those days. I was brought up on porridge, and milk. I had to eat it... or else... I ate it, and hated it. While cooked cereal has now largely fallen into disrepute, there are literally dozens of packaged foods which are the basis of the necessary cream, or milk; also toast, none of which take much time to prepare.

I think it is time for a revival of the old-fashioned good breakfast. There is no better time in which to start than during the winter.

Saturday will be the 30th consecutive time that the Canadian Legion is asking the people of this district to wear a poppy for remembrance.

The flower is an emblem of sleep. Its hue reminds the public, if such be necessary, of sacrifice. The poppy worn around November 11, year after year, has come to typify the debt we owe to those who died in battle.

People are asked to wear a poppy to show that they are not indifferent to those years of war; and for two minutes out of every 12 months, the public is asked to pause briefly to honor the dead.

On every shaft of stone in communities large and small throughout Canada, there will be many, or few, poppies. In accordance with the size of the city or village. On the grey, smoke-begrimed stones in city squares, the "haired" poppies are often the only splash of color through the misty November rain. There should be no need for an appeal to buy poppies. There ought to be such a demand for them that the supply would run out. We would not have the opportunity to wear poppies, were it not for those whose memory we so briefly por-

## European Refugees in Dire Straits, Okanagan Centre W.I. Told by Woman Expert

Turn out your cupboards, and pass on whatever warm, wearable clothing you can spare. The greatest need of the refugees and poor of Europe, is textiles. Even more than they need food, they need clothing.

This was the appeal made at Okanagan Centre on Wednesday night of last week by Dr. Lotta Hiltzmanova, who recently returned from a three-months survey trip to England, France, Belgium, Holland, Germany, Austria, Italy and Greece.

Several Vernon people attended, imagine the condition of a young student's feet, after walking from Prague to Hamburg, with only rubbers on them?" she asked.

Today's children are tomorrow's people. Do you ever wonder what kind of people they will be, these children of Europe, who have never known a mother's love, have never slept in a warm bed? This was the thought—provoking question posed by the speaker in an interview recently.

Wednesday evening's meeting was sponsored by Okanagan Centre Women's Institute. Winfield and Oyama branches accepted the invitation of Okanagan Centre and sent delegates.

All Saints' Women's Auxiliary sent 120 pounds of new and used clothing to Europe through the Unitarian Service Committee of Canada. Ocean freight charges are free.

## By MABEL JOHNSON A Friendly Chat

Coinciding with our remarks about potatoes last week along comes news of a "potato week" which winds up today, November 3.

Earle A. MacKay, manager of the B.C. Coast Vegetable Marketing Board, believes that B.C. homes should serve more potatoes, "even at breakfasttime, as they do in Eastern Canada." "Hashed brown potatoes go well with bacon and eggs," he points out. "Potatoes are the cheapest food you can buy."

Along with all this talk about breakfast, while perhaps we do not feel like going from a humble full of fruit juice and a cup of coffee or tea, to the fried potatoes variety, breakfast is a meal which is sadly neglected.

The son whom they were mourning contributed also to their support. Although the least of their worries, still there would be no more little cheques of "assigned pay," as it was called. You will remember. The local branch of the Canadian Legion looked into this case.

Money raised from the sale of poppies goes for the relief of veterans and their families, and perhaps at Christmas time, this couple receive a little cheque to buy a few luxuries their boy would like them to have; and would probably have provided for them, had he returned.

The poppies bloom among the mists of November. It is by accident that they do so; but their coming with the winter makes it all the more desirable that we wear one.

**"Esther Circle" Raises \$30 For Church W.A. at Sale**

Over \$30 was realized from a straight rummage sale held on Saturday in the Women's Institute Hall, sponsored by the "Esther Circle" of the Women's Association, Vernon United Church, of which Mrs. E. A. MacLeod is president.

General convenor of Saturday's sale was Mrs. T. W. F. McNair. Proceeds went to the general fund of the W.A. Articles were donated by church members.

The normal flow of Niagara Falls is 207,000 cubic feet of water a second.

## SCREEN FLASHES

Thrills ride high, wide and handsome in the special screen attraction, "Red Canyon," which opens tomorrow, Friday, at the Capitol Theatre. The Technicolor drama is high in high-handed adventure, the breaking of wild horses and fighting desperadoes. Wide are the colorful open spaces of southern Utah where the picture was filmed. And handsome are its stars, Ann Blyth, Howard Duff and George Brent.

Alexis Smith is the latest of Hollywood's feminine personalities to win the coveted co-starring spot opposite box-office champ Clarke Gable. Miss Smith enacts Gable's very-much-in-love wife in the new attraction, "Any Number Can Play," which opens Monday at the Capitol Theatre. The exciting drama of a night in the life of a big-time gambler also features Wendell Corey, Audrey Totter, Frank Morgan, Mary Astor, Lewis Stone, Barry Sullivan and Marjorie Rambeau.

All the charm and gaiety and wit of the Irish are said to be contained in the romantic comedy-drama, "Top of the Morning," co-starring Bing Crosby, Ann Blyth, Barry Fitzgerald and Hume Cronyn and due next Thursday at the Capitol Theatre.

The arresting story of a youngster who believes he has a special mission to prevent war is the basis of the most unusual new film, "The Boy With Green Hair," in color by Technicolor, showing tonight, Thursday, Friday and Saturday at the Empress Theatre.

When Roy Rogers comes to town on his famous horse, Trigger, his fans know that they can expect top film fare. "Down Dakota Way," latest Trucolor Roy Rogers' starrer which opens to night, Thursday, at the Empress Theatre, has all of these in abundance, and an appeal to the heart as well.

"Shinin' Spurs," latest action musical in the popular series, will start an engagement at the Empress Theatre on Monday. The Hoosier Hot Shots are featured once more.

"The Secret of St. Ives," Hollywood's action-packed film of the

## K. W. Kinnard President Valley Hospital Board

PENTICTON.—The semi-annual meeting of the Hospital Boards of the Okanagan Valley was held at the Kelowna Hospital.

Delegates were present from Kelowna, Vernon, Salmon Arm, Princeton, Revelstoke, Oliver and Penticton.

Many matters of hospital administration were discussed, such as pathologic service for rural areas, fees of out-patients, salaries and wages and public relations.

One delegate reported that in his area public relations were practically nil, nobody in the district seemed to pay much attention to their own hospital. Many representatives reported having a member of the board act as reporter for the local newspaper. One delegate said they had a question and answer system one question being officially answered each week in their paper.

Vernon reported their relations with the local public were excellent, that the local people were very keen about their new hospital.

Napoleonic period featuring Richard Ney, Vanessa Brown and Henry Daniell at the Empress Theatre Monday, is another example of the adage, "truth is stranger than fiction." For the screen play and original story of the film are based on true happenings.

## WATER and POWER

Soil and water are the basic resources controllable by man, upon which all other resources depend. In British Columbia the responsibility for the management of the fundamental assets, water, rests with the Water Rights Branch, which administers the "Water Act." This Act, regarded as model in many respects, sets out what may be done with the resource.

Besides administering the Act, and dealing with associated hydraulic problems, the Branch carries out many other related technical functions including: snow surveys from which the run-off of various rivers is forecast yearly; the checking of designs and plans of all hydraulic structures; the inspection of dams; and surveys of water resources including investigations and reports on irrigation, water works, flood control and power possibilities.

Power investigations and reports by engineers of the Water Rights Branch have and are playing an important part in furthering the development of our Province. Here is a reason or two why this is so, British Columbia, while possessing only 8% of the population of Canada, has 27% of the confirmed water power resources of the Dominion. Further, our investigations but undeveloped power sites are capable, at a conservative estimate, of producing 11 million continuous horsepower per year, which is equivalent to 48 million tons of coal annually in terms of power production. Hydro power stands high among our natural riches.

Power investigations involve extensive and arduous engineering surveys in some of our most difficult and rugged country, and complex hydraulic and design studies in order to show how each site may be most beneficially developed. To date, 183 individual power sites have been reported upon and an aggregate 770,000 h.p. is now under license.

The exhaustive reports on the huge Eusack-Kimsquit and Chilko power schemes were instrumental in attracting the interest of the Aluminum Company of Canada. The press has made the public familiar with this type of development, which is ushering in a new era in our welfare.

## Completion of Main Highways Aim Of Department of Public Works

"Our intention is to proceed on with the main highway construction—through the Fraser Canyon, Kamloops and Revelstoke to the Big Bend; along the Hope-Princeton route through to the Alberta boundary; north into Prince George, and the main highways through the Okanagan Valley and the Kootenay."

This was the aim of the Provincial Department of Public Works as outlined to members of the Okanagan and Mainline District Associated Boards of Trade at a luncheon in Lumby on Thursday of last week by Hon. E. C. Carson, Public Works Minister.

Making his second speech at Lumby within eight months, Mr. Carson outlined the government record in road construction, facts and figures on such construction and future policy.

The Minister was "proud of the record of the government." He did not design the program, but he is "proud to follow the design laid down by former Ministers Rolf Bruhn and Herbert Anscomb.

### Terrific Cost

Baring the road building record, Mr. Carson said that in the last five years between 600 and 700 miles of road have been constructed and reconstructed. "That is a lot of highway." Cost averages between \$60,000 and \$70,000 per mile.

As an example of the high cost of constructing B.C. highways, Trade Board members were told of tenders submitted for reconstruction of nine-tenths of a mile of road in the Fraser Canyon. The lowest tender was for \$384,000. "That gives you an idea of the problems we have to meet."

"The people of British Columbia are beginning to appreciate that the design of our highways is equal to anything in the United States in two-lane highways. United States engineers say in every way they compare favorably with American roads."

Here Mr. Carson pointed out that B.C. is indebted to American state and federal road agencies for assistance in highway construction problems. He told of two B.C. engineers attending an American conference—a three-month school where engineers "learned the latest way to do things."

"That saved us hundred and hundreds of thousands of dollars in the future. B.C. was the only province in Canada to avail itself of that opportunity."

Mr. Carson outlined B.C.'s negotiations with the federal government in the hope the Dominion government would assist in the building of highways in this province. In the U.S., said the Minister, the federal government pays 50 percent of the main highway costs for the states to meet adequately the situation in each state. "We have tried to put this before our government but each time they do not accept. We will keep hammering."

North and south highways in this province are just as important as one east to west highway, the Trans-Canada. "In B.C. we have tremendous problems—no other province has the costly construction job we have."

Trans-Canada Route  
Kamloops and Revelstoke Board delegates chuckled, and also got a little red in the face, when Mr. Carson referred to "some controversy in the papers" over selection of the B.C. section of the Trans-Canada Highway. The road must be a continuous one, under the Dominion agreement, and provinces must agree to its location. Mr. Carson stated that Alberta has selected the road through Calgary, leading to the Big Bend.

Said Mr. Carson: "There has been no decision in B.C. We have not yet been advised what the federal government is going to do or if the federal government will allow commercial transport through national parks. We can not consider a route over which commercial traffic cannot travel."

**Facts and Figures**  
In the realm of facts and figures: \$10,000,000 has been committed for construction and reconstruction; \$3,500,000 for bridges; over \$9,000,000 for maintenance; not counting a building program of \$5,000,000. "This is not half as fast as we would like to go in the Department of Public Works."

Referring again to the Trans-Canada road, Mr. Carson said we in B.C. do not need to worry whether the Big Bend or southern provincial route is chosen. "On either route, we will go along with the same amount of speed. They are equally of vital importance."

Ferries and bridges constitute big future problems.

Mr. Carson said that when the Hope-Princeton road is opened satisfactorily, the Department will be forced to close the Fraser Canyon route for a month for reconstruction of the roadway in two sections.

An invitation was extended by Mr. Carson to all members of the Boards of Trade to attend the opening of the Hope-Princeton road, Wednesday.

"Tremendous Impetus"  
That magnificent new highway, said Mr. Carson, "is the key to the whole highway system of British Columbia. It opens up the country as never before. Every community in B.C. will get a tremendous impetus through the opening of that road. The resulting benefits will be beyond the imagination of any of us."

Mr. Carson was praised by Board members through F. N. Osborne, president of the Kelowna Board of Trade. Said he: "The residents of

## Nearly 3,000,000 Gallons Asphalt In New Highway

A vague notion of the immensity of the task which faced the engineers of the Hope-Princeton Highway can be derived from the construction details of the road revealed by the Public Works Department.

Forests and bush country necessitated the clearing and grubbing of 1,200 acres of land before the construction companies could move in with some of their heavy machinery to begin excavating.

One million cubic yards of solid rock was blasted and bulldozed from the mountain sides while 4,000,000 cubic yards of other materials were excavated.

Concrete culverts totalled 26,000 lineal feet while an additional 75,000 board feet of lumber went into the construction of the culverts.

Four hundred tons of material produced steel bridges over the many fast running streams which cut down the mountains.

Riprap, to the tune of 17,000 cubic yards, produced the road base, topped by 1,000,000 tons of gravel.

The Princeton-Kaleden section of the road, completed this year as an important link in the new route, required only about half the material used in the Hope-Princeton Highway though it is over three-quarters the length.

Eight hundred acres were cleared and grubbed while 400,000 cubic yards of solid rock was sheared from the mountainside and 2,000,000 cubic yards of other material were shifted.

Twelve thousand lineal feet of culverts were constructed to run water from the hills.

Nine thousand cubic yards of riprap were used in building up the road foundation while 700,000 tons of gravel provided the base for the surface material.

Fences 14,000 rods in length were also built.

The total paving used for the two roads was 200,000 tons and 2,720,000 gallons of asphalt completed the gigantic task.

The Okanagan Valley do appreciate the work you are doing in our part of the country. We know you have troubles and do appreciate the first class highways you are building."

## Deplores "Cross Country Steeple Chasing" in City

The practice of motorists practicing "cross country steeple chasing" at Barnard and 22nd Avenue came under fire around the City Council table on October 24.

"This is a terrific safety hazard," City Engineer F. G. de Wolf said. In this opinion he was supported by Mayor T. R. B. Adams.

"Every sport has its place, and there is plenty of terrain for cross-country steeple chasing without endangering lives," Mayor T. R. B. Adams declared.

Speaking as a parent of young children and their recent experience, he named another citizen, also a parent, who had remarked on the same hazard. "The practice is highly dangerous," he said.

## Postpone Decision to Call Tenders for Flood Control Work

KELOWNA.—The decision on when tenders for flood control work will be called was postponed last week when the Joint Board of Engineers, consisting of Dominion and provincial engineers, announced that a meeting to decide on calling of tenders would be postponed until the complete recovery of illness of a senior member of the board.

The meeting was originally scheduled for October 25.

Ernest Smith, divisional engineer, Okanagan Flood Control, Penticton, recently said that the member was recovering satisfactorily and as a result, he believed, the meeting will probably take place later on in the month in Victoria or Vancouver.

Parties are working in the field on restaking, according to Mr. Smith, preparatory to the arrival of contractors after tenders are called and decided.

Restaking was made necessary in some areas because stock had kicked over stakes.

Helicopters are now being used by archeologists in their hunt for ancient relics.

## Pension Claim in Penticton Traced Back to Helsinki

PENTICTON.—City Council's efforts to secure the Canadian old age pension for Mrs. Anna Peterson may go so far as to make enquiries of the vital statistics branch of her native Finland.

The elderly city resident claims to be of the pensionable age of 70 and has a real champion in Alderman J. W. Johnson, who has often taken up the cudgels on her behalf.

Unfortunately, she has no record of her birth and old age pensions officials insist she will not be eligible until 1953. They base their position on answers given by Mrs. Peterson to the questions of a census-taker nearly 25 years ago.

Council recently wrote the pensions board on Mrs. Peterson's behalf and the board replied this week that it could not consider its opinion.

Efforts will therefore be made to see if any record of Mrs. Peterson's birth date can be secured from Helsinki.

## Sign Easement for Sewer to Subdivision

Mr. and Mrs. J. A. LaMarche have both signed the required petition for a private sewer to serve their property in the Vernon Homes subdivision. Adjacent property owners have signed an easement for the sewer. At his request, G. R. Guest has been absolved from any responsibility in the event of sewer blockage on the easement from lot one.

The total cost will be \$375, or \$1.55 per foot. The sum of \$198 is being assessed lots one, three and five, subject to future sale, so City Engineer F. G. deWolf told the City Council on October 24.

## Skimpy men, women gain 5, 10, 15 lbs.

Get New Pep, Vim, Vigor

What a thrill! Body limbs all out! Only hollow fill up! Here no longer empty! See half grown, sickly, "beastly" look! ## Outlines Work Of Summerland Fish Hatchery

PENTICTON.—What the fish hatchery at Summerland means to this part of the province was convincingly emphasized before a Rotary Club luncheon meeting recently.

Improvement to the general economy of the area because of added appeal to the sportsman, tourist, and further pleasure for the resident sportsman too, were the objectives stressed by Art Higgs, officer in charge of the hatchery.

Mr. Higgs explained that 75,000 fry would probably be released in Okanagan Lake next season, and the same number of Skaha.

"This might not mean much so far as fry are concerned," he continued. "But I think it will in the interest of fingerlings."

The hatchery may mark as many as 25,000 of the fingerlings into each lake, so that a check may be made on the rate of growth and also on the extent of downstream migration.

He gave it as his opinion that fingerlings placed in Skaha Lake only last year are already being taken as legal limit fish.

Some 280,000 fingerlings are listed for release next spring.

Most liberations, hitherto, have been of free swimming fry. Last year the hatchery handled 900,000. There are now 400,000 young Kamloops trout there. It is cheaper to rear fry if enough eggs are available, the speaker conceded, even allowing for enormous losses. Yet under circumstances as they exist, he also emphasized "it certainly pays to plant fingerlings."

Rainbow trout are concentrated on, with some incidental attention to Eastern Brook, Char and Kokanee.

In brief but lucid fashion, Mr. Higgs sketched the general making up of the sport fishing in B.C., suggesting that "we are indeed most fortunate in this part of the world, if we can just manage to hold on to this asset—and that's what your hatchery is trying to do for you."

It is the sportsman's dollar that pays for all this, he pointed out. Anglers' licences alone would not provide the funds. The department really "dips" into hunting revenues as well. Not all sportsmen's revenues have been used hitherto to a part passing into general revenue. But it is hoped to have it all in future. The main point, which he repeated was that the general taxpayer does not provide the upkeep for such a project as the hatchery. "It is the sportsman's funds that make it possible."

## Tests Indicate Importance Of Proper Sanitary Control

—"Seeing is Believing"

The "seeing is believing" approach to sanitary control was vividly demonstrated by E. B. Winstanley, Sanitary Inspector for the North Okanagan, at a meeting of the Vernon Restaurant Association Thursday of last week. The speaker was introduced by E. A. LeCours, president of the association.

Mr. Winstanley showed proprietors the Jameson Kit, a veritable portable laboratory which enables the inspector to carry out simple sterilization tests of eating utensils in various public eating places. This is probably the first time the kit has been demonstrated in the Interior.

The fact that there are 4,000 eating places in B.C. serving half a million meals every day shows how important it is to provide good food in a sanitary manner," he said.

Only the preparation of the supplies for the test involves the bacteriological laboratory. The remainder of the work can be done right in the restaurant and workers may see for themselves the results of careless handling and washing of eating utensils.

The test is based on the principle that bacteria which may be lodged on spoons and cups will grow rapidly and become visible to the unaided eye in a laboratory prepared medium. The degree of contamination will be shown by the amount of bacteriological growth in the bottled medium.

The medium that proved the most generally all-purpose was the other hand, if too little is used for the dairy products. To this was added 4 percent Difco yeast extract, 1 percent milk and 1 percent agar. The heavy agar content provided a strong gel, permitting considerable pressure during swabbing.

The procedure for using the laboratory is very simple. After moistening the swab in sterile water the side of the swab is rotated over the surface to be tested whether it be the tongue of a fork or the lip of a cup or glass.

Then the contaminated swab is smeared and rotated over the prepared medium. The bottle is sealed, labelled and placed cap down in the display rack.

Ready in Week

Mr. Winstanley explained that maximum development of the bacteria takes place in three to six days. This means that readings may be made at any time after that period to fit into any schedule of visits by the official.

An inspector is able to grade the tests as good, fair or bad so that the proprietor may know just how he stands with regard to the sterilization standards desired by the government.

## Valley Veterans to Share in Reunion Banquet at Coast

The 31st annual re-reunion dinner of the Second Canadian Mounted Rifles and the British Columbia Dragons will be held on Saturday, at 7 p.m. in the Pacific Athletic Club, at Vancouver.

Sharing in the festivities will be veterans of the 9th Armored Regiment of the B.C.D.'s who carry the battle honors of the Second C.M.R. as their successors.

Further particulars may be obtained from the secretary, H. N. Delmonico, 1475 Trumble Street, Vancouver.

## Pheasants Have Bad Time at Kiedeston

KIEDESTON, Oct. 31.—Judging by the cars seen and the shots heard in this district, the wily pheasants are having a rough time of it.

Mrs. Mulholland's aunt, Mrs. C. Bathwell, and her daughter, were here from Kirkland Lake, Ont., recently for a short visit with Mr. and Mrs. Frank Mulholland.

Mr. and Mrs. Dyck were visitors to the home of Mrs. Mulholland last week.

Mrs. H. E. Hitchcock has received the sad news of her only brother's death in Bath, England. He was a veteran of the Boer War and served in the British Army for 29 years.

## Two Penticton Flying Officers Awarded D.F.C.

PENTICTON—Two Penticton men were among the 105 R.C.A.F. veterans invested with honors for "gallantry in action and devotion to duty" at an investiture at R.C.A.F. Station Sea Island October 22.

The Honorable C. A. Banks, C.M.G., Lieutenant-Governor of B.C., presented the awards.

The two local men, Flying Officer John H. Sinclair and Flying Officer Franklin B. Bolton, each received the Distinguished Flying Cross "for invariably displaying the utmost fortitude, courage and devotion to duty while completing, in various capacities, numerous operations against the enemy."

## VERNON ASSESSMENT AND COLLECTION DISTRICT

I HEREBY GIVE NOTICE that, on Monday, the 7th day of November, 1949, at the hour of 10:30 o'clock in the forenoon, at the Court-house, Vernon, B.C., I will sell at public auction the Crown-granted mineral claims in the list hereinafter set out, of the persons in said list hereinafter set out, for all delinquent taxes due and unpaid by said persons of the date of tax sale, and for interest, costs, and expenses, including the cost of advertising said sale, if the total amount of taxes due and up to and including the year 1947, and interest thereon, together with the costs of advertising said sale, be not sooner paid.

The Collector will be pleased to receive any information respecting the following list where the owner is or was a member of the Allied Forces and entitled to the benefits of Section 115, "Taxation Act," or entitled to the benefits of Section 3, "War Mariners' Benefits Act."

# BIGGER BETTER and WORTH MORE.. GMC TRUCKS

Compare trucks for price — GMC can stand comparison — and then when you've seen how low it stands in the price scale, remember this — operators themselves have said it — GMC Trucks are worth more! GMC's are worth more because owner

after owner reports a lower ton-mile haulage cost with GMC than with any other truck. Dependability does it — dependability combined with lower maintenance costs, less out-of-service time for maintenance, plus the remarkable thrift of GMC's powerful valve-in-head engines. Let us give you all the facts! Your nearest GMC dealer is listed below. GMC-49

## announcing ... THE AMAZING NEW

## SAWING SENSATION OF THE YEAR...

At last, a fast-cutting chain saw that one man can use all day without over-working! The new McCulloch weighs less than 25 pounds, yet develops a full 3 horsepower.

And look at these features to speed up wood-cutting: automatic clutch, built-in chain oiler, special magneto and kickproof recoil starter for easy starting, optional chains for any type of wood, and McCulloch gasoline engine that operates at any angle. Take the work out of wood-cutting with a McCulloch 3-25.

(Continued from Page 17)

later known as the Dewdney Trail. In the following year a wagon road was built from Hope to the Skagit Flats, parts of which are actually in use to this day. This trail was allowed to fall into disuse, although residents of the Okanagan petitioned the government to re-open the road.

In 1910 the question of constructing a road between Hope and Princeton was again seriously considered. A survey was made and construction was begun from Hope and Princeton in 1911 via the Silver Creek Route. Unexpectedly high cost forced termination of construction after \$180,000 was expended.

Relief Project

Another survey was made in 1919 but not until 1929 when the Hope-Princeton Road was adopted as a relief project was some measure of progress made. The work was discontinued and taken up later by the Federal Government making use of Japanese labor.

After the cessation of hostilities in the Second World War, surveys were completed for a highway of modern design. Heavy equipment ordered in 1946 failed to arrive until the spring of 1948, and since that time contractors have been working double shifts to complete the highway this year.

Because of the needs of modern transportation, with high speeds and heavy loads, it is perhaps fortunate that the road was never completed under the old plans.

Most of the former plans called for a road 20 feet in width compared with the present minimum width of 30 feet.

The roadbed is topped with crushed gravel throughout, overlying a base of select crushed material from six inches to 12 inches in depth, providing a base for pavement 24 feet in width.

All bridge structures are of a permanent type and are constructed of steel and concrete. Drainage culverts are also made of permanent materials.

Due to the rugged terrain through which this highway passes, engineers had to face and overcome many engineering problems. Through their efforts, British Columbia was able yesterday to open to the public another link in its progressive road-building program—the Hope-Princeton Highway.

Snow-water contains a greater proportion of oxygen than rain or river water, which accounts for its greater rusting action on iron.

The banks of the Okanagan River were the scene of many of the most stirring and heroic deeds recorded in Scottish history.

# OPPORTUNITY DAYS AT THE "BAY"

THURSDAY and FRIDAY, NOVEMBER 4th and 5th

## DOOR OPENING SPECIALS

FRIDAY - 9:15 A.M.
